DEFINITIONS

Section

44:90:01:01 Definitions.

44:90:01:01. Definitions. Terms defined in SDCL 34-20G-1 have the same meaning when used in this article. As used in this article:

(1) “Action level” means the level of a contaminate that triggers action to prohibit a cannabis product from being sold;

(2) “Age-restricted cardholder” means a cardholder or nonresident cardholder who is under 18 years of age or who is enrolled in an elementary, middle, or high school;

(3) “Agent identification badge” means a credential provided by an establishment for use

by an agent while performing work-related duties;

(4) “Allowable quantity of cannabis products” means an amount of cannabis products that may be possessed by a cardholder or nonresident cardholder pursuant to SDCL 34-20G-1(1)(b);

(5) “Analyte” means a chemical, compound, element, bacteria, yeast, fungus, or toxin that is identified or measured by testing;

(6) “Analytical test” means the use of a single technology to detect the presence or concentration of a single analyte on one or more matrices;

(7) “Batch identifier” means a unique number or code assigned by an establishment to a quantity of cannabis or cannabis products for testing;

(8) “Cannabis beverage” means a liquid edible cannabis product with a concentration of less than one milligram of delta-9 tetrahydrocannabinol (THC) per ounce of liquid;

(9) “Cannabis extract” means the resin extracted from any part of a cannabis plant using a liquid or gaseous solvent other than water;

(10) “Cannabis oil” means an edible cannabis product using a food-safe oil as the primary noncannabis ingredient and with no added flavors, colors, or scents;

(11) “Cannabis waste” means cannabis flower or trim, cannabis seeds, cannabis products, byproducts containing cannabis, or cannabis plants, excluding stalks without trichomes and root balls, that have been designated for destruction;

(12) “Certificate of analysis” means a written report of the results of analytical testing, indicating whether the results comply with this article;

(13) “Chain of custody” means documentation of the handling of cannabis and cannabis products;

(14) “Collective” means two or more cardholders who physically assist each other in the act of cultivating or processing cannabis for medical use, except that the sharing of an enclosed, locked facility for cultivation by two or more cardholders in their own dwelling is not a collective;

(15) “Competitive application” means a medical cannabis establishment application that is scored numerically by the department, in cases where more applicants apply than are allowed by the local government;

(16) “Concentrated cannabis” or “cannabis concentrate” means cannabis extract or a preparation made by using heat, temperature, or mechanical means to separate cannabinoids from cannabis, including hashish;

(17) “Confirmation testing” means testing performed by, or at the direction of, the department to determine consistency and accuracy of tests offered by cannabis testing facilities;

(18) “Equivalent cannabis weight” means the weight, in ounces, that a given quantity of cannabis product counts against the total allowable amount of cannabis under SDCL 34-20G-1(1);

(19) “Exit packaging” means a bag, box, or other container for use in transporting cannabis or cannabis products after purchase at a dispensary;

(20) “Extended plant count” means the authorized cultivation of more than three plants simultaneously for a single patient’s use;

(21) “Flower” means the pistillate reproductive organs of a mature cannabis plant, whether processed or unprocessed, including the flowers and buds of the plant;

(22) “Immature plant” means a nonflowering cannabis plant that measures 12 inches or more from the base of the main plant stalk to the most distant point of the plant's leaf stems or

branches;

(23) “Index factor” means the annual percentage change in the consumer price index for urban wage earners and clerical workers as computed by the Bureau of Labor Statistics of the United States Department of Labor, for the year immediately preceding the year of adjustment;

(24) “Inhalable cannabis product” means a cannabis product that is intended to be consumed by inhalation;

(25) “Inherently hazardous substance” means any solvent or chemical, other than ethanol, with a flash point at or lower than 100 degrees Fahrenheit;

(26) “Inventory record” means a daily electronic record of all cannabis;

(27) “Inventory tracking system” means an electronic system specified by the department for the purposes of identifying and preventing diversion and protecting patients from unsafe cannabis or cannabis products;

(28) “ISO/IEC 17025 accreditation” means accreditation by the International Accreditation Service, the American Association for Laboratory Accreditation, the American National Standards Institute’s National Accreditation Board, or another laboratory accreditation board that the testing facility meets *General Requirements for the Competence of Testing and Calibration Laboratories* developed by the International Organization for Standardization and the International Electrotechnical Commission for a particular analyte and technology;

(29) “Low-income” means having a gross monthly household income that is 130 percent or less of the federal poverty level as defined by § 67:11:01:03;

(30) “Marketing layer” means the outermost layer of a retail sale container predominantly apparent and visible;

(31) “Matrix” means a component or substrate that contains an analyte being tested for;

(32) “Mature plant” means a cannabis plant that has flowered;

(33) “Nationally recognized testing laboratory” means an independent laboratory recognized by the Occupational Health and Safety Administration pursuant to 29 C.F.R. § 1910.7 (February 18, 2020);

(34) “Nonusable” means unfit for sale or, except for the purposes of remediation, transfer;

(35) “Remediation” means the further processing of a batch of cannabis or cannabis products that has failed testing, using a process approved by the department to address the reasons for the failure;

(36) “Sample identifier” means a unique number or code assigned to a sample to be tested by a testing facility, either by the establishment submitting the sample or an agent of the testing facility;

(37) “Seedling” means a nonflowering cannabis plant or rooted cutting that measures less than 12 inches from the base of the main plant stalk to the most distant point of the plant's leaf stems or branches;

(38) “Smokable form” means in a form of cannabis or cannabis product marketed to be heated in the presence of oxygen and inhaled through smoking;

(39) “Synthetic” means formulated or manufactured by a chemical process or by a process that chemically changes a substance extracted from naturally occurring plant, animal, or mineral sources;

(40) “Testing sample record” means a daily electronic record maintained by an establishment of batch identifiers, sample identifiers, and associated information;

(41) “Tincture” means a liquid edible cannabis product with a concentration of greater

than one milligram of THC per ounce of liquid in the form of ethanol, propylene glycol, glycerin, or food safe oil;

(42) “Topical cannabis product” means a nonedible cannabis product that is intended to be applied externally to the skin;

(43) “Transaction record” means a daily electronic record created and maintained by a dispensary to track transactions with patients;

(44) “Transfer record” means a daily electronic record of any acquisition of seeds, seedlings, plants, cannabis, or cannabis products and any transfer of cannabis or cannabis products to another medical cannabis establishment;

(45) “Trim” means trichome-containing leaves of the cannabis plant that have been intentionally removed during cultivation; and

(46) “Vaporizer product” means an inhalable cannabis product containing concentrated cannabis that is heated below the point of combustion.

44:90:02:01. Practitioner's written certification of debilitating medical condition and therapeutic or palliative benefit. Only a practitioner as defined by SDCL 34-20G-1(20) may issue a written certification pursuant to SDCL 34-20G-1(23) to a resident of South Dakota. A practitioner's written certification shall be submitted to the department and must be on a form supplied by the department. The certification must include:

- (1) The practitioner's name and address;
- (2) The practitioner's medical license and National Practitioner Identification numbers;
- (3) Certification that the practitioner has assessed the patient's medical history and current medical condition, including an in-person physical examination;
- (4) The date on which the physical examination was conducted;
- (5) Certification that the patient has a debilitating medical condition, as defined by SDCL 34-20G-1(8), specifying the International Classification of Diseases, Tenth Revision code;
- (6) Certification that the practitioner and patient, or the patient's parents or legal guardian, have discussed treatment options for the patient's debilitating medical condition, including the therapeutic or palliative benefits and risks associated with the medical use of cannabis;
- (7) Certification that the practitioner is available for further consultation with the patient or the patient's parents or legal guardian as required;
- (8) The date, if applicable, on which the patient's need for the medical use of cannabis is expected to end; and

(9) The number of designated caregivers, if more than one, that the patient’s age or medical condition necessitates.

44:90:02:02. Practitioner’s written certification – Determination of caregivers. For patients under the age of 18, a practitioner as defined by SDCL 34-20G-1(20) shall consult with the patient’s parents or legal guardians to determine how many designated caregivers are needed to manage the acquisition, dosage, and frequency of use. The practitioner shall include the number of designated caregivers on the written certification.

For patients 18 years of age or older, if the practitioner believes the patient’s age or medical condition necessitates the appointment of more than one designated caregiver, the practitioner shall include the number of designated caregivers on the written certification.

Law Implemented: SDCL 34-20G-29.

44:90:02:04. Patient registry identification card application requirements – Initial application. To apply for a patient registry identification card, a South Dakota resident with a debilitating medical condition, or the person responsible for making medical decisions for that person, shall submit to the department:

(1) A completed application on a form supplied by the department that must contain all information required by SDCL 34-20G-29 and 34-20G-33;

(2) A photocopy of an unexpired form of identification acceptable for voter identification pursuant to SDCL 12-18-6.1;

(3) A photograph meeting all the following requirements:

(a) A high resolution color photo that is not blurry, grainy, pixelated, or digitally altered;

(b) Uses a clear image of the individual’s face without filters;

(c) Uses a plain white or off-white background;

(d) Is two by two inches in size;

(e) Is printed on matte or glossy photo quality paper; and

(f) Is not damaged with holes, creases, or smudges;

(4) If a low-income resident, documentation of household income, including:

(a) If employed, the resident's wage stubs or earning statements for the past 30 days;

(b) If self-employed, the resident's most recent federal income tax return and self-employment ledgers;

(c) Proof of all other income of the resident, including Social Security, Supplemental Security Income, workers' compensation, unemployment benefits, Bureau of Indian Affairs general assistance, child support, rental income, veterans' benefits, pensions, and interest income, for the previous 12 months; and

(d) The most recent financial statement from any of the resident's checking accounts, savings accounts, certificates of deposit, credit union account, retirement account, stock, bond, or dividend; and

(6) The required fee, pursuant to § 44:90:02:17.

Law Implemented: SDCL 34-20G-29, 34-20G-72(4)(10)(c).

44:90:02:05. Patient designation of designated caregivers – Age-restricted cardholders – Person responsible for making medical decisions – Residents of health care facility or residential care facility. A qualifying patient may designate an eligible individual as a designated caregiver by submitting to the department:

(1) A completed designation on a form supplied by the department;

(2) The designated caregiver’s sworn statement that the designated caregiver has not been convicted of a disqualifying felony offense; and

(3) Any additional fees pursuant to § 44:90:02:17.

An age-restricted cardholder shall designate at least one designated caregiver. If a practitioner has recommended that a patient younger than 18 years of age have multiple designated caregivers, the parents or legal guardians may designate other designated caregivers as advised by the practitioner.

The person responsible for making medical decisions for a qualifying patient 18 years of age or older, if qualified pursuant to SDCL 34-20G-1(10), shall be designated caregiver to the qualifying patient. If the practitioner has recommended that the patient have multiple designated caregivers, the person responsible for making medical decisions may designate other designated caregivers as advised by the practitioner.

The designation of an employee of a health care facility or residential care facility to act as a designated caregiver on the premises of the facility requires the signature of the facility director or designee.

The designation of a designated caregiver expires on the same date as the qualifying patient’s registry identification card.

Law Implemented: SDCL 34-20G-1(10), 34-20G-2(2), 34-20G-29, 34-20G-30, 34-20G-32, 34-20G-33, 34-20G-35, 34-20G-39, 34-20G-95.

44:90:02:06. Designated caregivers – State-only background check – Prohibition of

remuneration. Each person designated as a designated caregiver to one or more qualifying patients shall submit to the Division of Criminal Investigation once every two years:

(1) A photocopy of an unexpired form of identification acceptable for voter identification pursuant to SDCL 12-18-6.1;

(2) A Division of Criminal Investigation fingerprint card processed by a local law enforcement agency; and

(3) An authorization and release form releasing the results of a state-only background check to the department, and payment of any fee charged by the Division of Criminal Investigation.

A designated caregiver shall submit to the department a photograph meeting the requirements of § 44:90:02:04(3) once every five years. A designated caregiver shall acknowledge in writing to the department the prohibition of remuneration other than direct costs incurred for assisting with the registered qualifying patient's medical use of cannabis, pursuant to SDCL 34-20G-2(2).

General Authority: SDCL 34-20G-72(4).

Law Implemented: SDCL 34-20G-1(10), 34-20G-2(2), 34-20G-29, 34-20G-30, 34-20G-32, 34-20G-33, 34-20G-39.

44:90:02:07. Application to cultivate cannabis – Patient designation of designated caregivers to cultivate cannabis. A patient, or the patient's designated caregiver applying to cultivate cannabis, shall submit to the department:

(1) A diagram and photographs of the enclosed, locked facility in which the cannabis

will be cultivated; and

(2) The fee required by § 44:90:02:17.

An age-restricted cardholder may not cultivate cannabis but may, unless a nonresident, designate a designated caregiver to cultivate cannabis on the patient's behalf.

Upon approval of the application, the department shall issue a two-part registry identification card to the patient or designated caregiver designated to cultivate cannabis. One part of the registry identification card must be posted on the door of the enclosed, locked facility in which the cannabis is cultivated and the other part of the registry identification card must be carried by the patient or designated caregiver. If more than one person is authorized to cultivate cannabis on behalf of a qualifying patient, each person shall receive a two-part identification card and shall post and carry the appropriate parts.

Law Implemented: SDCL 34-20G-1(1)(13), 34-20G-29, 34-20G-95.

44:90:02:08. Requirements for designated caregivers designated to cultivate cannabis. Only one person may cultivate cannabis on behalf of a patient, except that:

(1) A qualifying patient may share the designation with a designated caregiver who resides in the same dwelling; and

(2) Two parents or legal guardians of an age-restricted cardholder who reside in the same dwelling may share the designation.

The entirety of a patient's cannabis must be cultivated in a single enclosed, locked facility. No designated caregiver may simultaneously cultivate an extended plant count for more

than one qualifying patient.

Two or more designated caregivers may not form a collective. Two or more designated caregivers may not cultivate cannabis in a single-unit building or in a unit of a multi-unit building, unless expressly permitted by SDCL chapter 34-20G.

General Authority: SDCL 34-20G-72(4).

Law Implemented: SDCL 34-20G-29.

44:90:02:10. Change of designation of designated caregivers. A qualifying patient or the qualifying patient’s parent or legal guardian may remove, add, or substitute designated caregivers at any time.

If the change results in the addition or substitution of a designated caregiver, the qualifying patient shall submit a form pursuant to § 44:90:02:04.

If the change results in the removal of one or more designated caregivers, the patient shall notify each removed designated caregiver in writing and shall certify to the department that notice has been given. The removed designated caregiver shall have 15 days to return the registry identification card associated with that patient.

General Authority: SDCL 34-20G-72(4).

Law Implemented: SDCL 34-20G-46.

44:90:02:11. Change of designation to cultivate. A qualifying patient or the qualifying patient's parent or legal guardian may remove, add, or substitute a designation to cultivate at any time.

If the change results in the addition or substitution of an individual to cultivate medical cannabis for the patient, the qualifying patient, or the qualifying patient's parent or legal guardian, shall submit an application pursuant to § 44:90:02:07.

If the change results in the removal of a designated caregiver to cultivate cannabis on the patient's behalf, the patient, or the patient's parent or legal guardian, shall notify the current designated caregiver in writing and shall certify to the department that notice has been given. The designated caregiver shall, within 15 days, return the registry identification card and destroy any cannabis plants and any cannabis and cannabis products that were produced from the allowable plants.

General Authority: SDCL 34-20G-72(4).

Law Implemented: SDCL 34-20G-46.

44:90:02:14. Nonresident registration – Required documentation. The department shall accept any of the following as sufficient documentation of a nonresident's debilitating

medical condition:

(1) Practitioner certification issued in the person's jurisdiction of residence and listing a debilitating medical condition consistent with SDCL 34-20G-1 or rules promulgated by the department;

(2) Practitioner certification issued in the person's jurisdiction of residence, along with additional medical records indicating a debilitating medical condition recognized by the department pursuant to SDCL 34-20G-1 or rules promulgated by the department; or

(3) Practitioner certification on a form supplied by the department.

Prior to issuing a nonresident registration, the department shall determine whether the applicant's registry identification card or its equivalent allows the use of cannabis, as defined in SDCL 34-20G-1(1) and 34-20G-1(14), in the jurisdiction of issuance.

General Authority: SDCL 34-20G-72(8).

Law Implemented: SDCL 34-20G-1(19), 34-20G-72(8).

44:90:02:15. Nonresident registration – Registry identification number. The department shall issue to a nonresident cardholder who has met all registration requirements a nonrenewable ten-digit registry identification number, which expires on the earliest of:

(1) One year from the date of issuance of the registry identification number;

(2) The expiration date of the nonresident's proof of authorization issued by the jurisdiction where the nonresident cardholder resides; or

(3) Any earlier expiration date specified by the practitioner's statement.

The registry identification number is valid at no more than two dispensaries, which must

be designated by the nonresident cardholder at the time of registration.

44:90:02:16. Allowable quantity of cannabis products. Under 34-20G-1(1)(b), cardholders and nonresident cardholders may possess cannabis products if the equivalent cannabis weight of the products plus the amount of cannabis flower and trim possessed does not exceed three ounces pursuant to SDCL 34-20G-1(1)(a). The equivalent cannabis weight of cannabis products shall be:

<u>Type of cannabis</u>	<u>Amount equivalent to one ounce of cannabis</u>
<u>Concentrated cannabis in smokable form</u>	<u>8 grams (net weight)</u>
<u>Vaporizer pens or cartridges</u>	<u>8 grams (net weight)</u>
<u>Oils in oral dosage syringe or capsule form</u>	<u>5 grams (net weight)</u>
<u>Edibles (excluding oils)</u>	<u>800 milligrams THC</u>
<u>Topical (ointment, cream, or lotion)</u>	<u>12 fluid ounces</u>
<u>Topical (dried plant material or powder)</u>	<u>1 ounce</u>
<u>Transdermal patches</u>	<u>800 milligrams THC</u>

44:90:02:17. Fees for registry identification cards.

(1) The base fee for initial application and yearly renewal of a patient registry identification card for a resident of South Dakota is:

(a) For a low-income qualifying patient, \$20; and

(b) For all other applicants, \$75.

(2) Qualifying patients shall submit an additional \$20 fee for the issuance of any designated caregiver registry identification card, except for the designation of a designated caregiver at the time of the initial or renewal application.

(3) An additional \$20 fee is required for the printing of a two-part registry identification card for patients designated to cultivate cannabis or designate a designated caregiver to cultivate cannabis.

(4) Nonresidents shall submit a \$75 fee with a registration application.

All fees imposed under this section shall be nonrefundable.

44:90:03:15. Department review of competitive applications – Scoring criteria. In a case in which more medical cannabis establishments apply than are allowed by a local government, the department shall numerically score competitive applications according to the following criteria:

(1) The local government, in response to the department’s inquiry, has endorsed the application as beneficial to the community (1 points);

(2) The local government has not informed the department that the location specified in the application is unsuitable for the proposed use due to zoning regulations or inaccessibility to the public (1 point);

(3) All principal officers and board members have certified that they have not, in the previous ten years, in any United States jurisdiction:

(a) Been convicted of a criminal offense involving fraud or false statements to a unit of government (1 point); or

(b) Served as a principal officer or board member of any business that has had a license or permit suspended or revoked for violations of laws or regulations relating to cannabis,

alcohol, tobacco, or gaming (1 point);

(4) The applicant has submitted a floorplan with sufficient detail to enable the department to determine where all activities listed in the operating procedures will take place (1 point); and

(5) The applicant has submitted a business plan outlining the details contained in SDCL 34-20G-72(3)(d) (1 point).

44:90:03:16. Department awarding of certification – Tiebreaking procedures –

Notice to unsuccessful applicants. The department shall award certification as follows:

(1) If more establishments apply than are allowed by a local government, the department shall award the establishment with the highest score pursuant to § 44:90:03:15 a registration certificate;

(2) If the local government has enacted an overall limit on the number of establishments, the department shall award registration certificates, in order of final score beginning with the highest score attained pursuant to § 44:90:03:15, until the limit is reached;

(3) If the local government has enacted a limit on establishments by establishment type, the department shall award registration certificates, in order of final score beginning with the highest score attained pursuant to § 44:90:03:15, until the limit is reached for each establishment type;

(4) If applicants are tied for one or more openings in a locality, the affected applicants

and interested members of the public shall have the opportunity to view, in person or via videoconference, a random drawing to determine the successful applicants. All applicants will be ranked via the lottery system to establish the order and establish a waiting list.

Any establishment granted a certificate pursuant to this section must become operational within one year of date of award or the certificate is deemed void and will be awarded to the next applicant on the waiting list.

The notification of any unsuccessful applicants must identify the department's decision as a final department action subject to the contested case procedures pursuant to SDCL chapter 1-26.

44:90:04:04. Co-location of medical cannabis establishments. A medical cannabis establishment shall have separate means of ingress and egress from any other medical cannabis establishment, except that multiple medical cannabis establishments with common ownership may be co-located if:

(1) The establishments have lockable, alarmed doors separating activities performed under different licenses;

(2) The door separating a dispensary from cultivation or product manufacturing activities remains locked when cardholders are present, and signs clearly state that entry is limited to employees and other authorized persons;

(3) The unit of local government allows the types of medical cannabis establishments requesting co-locations; and

(4) None of the following occurs:

(a) A testing facility located in the same structure as any other cannabis

establishment;

(b) Extraction using ethanol, inherently hazardous substances, or compressed gas in the same structure in which a cannabis dispensary is located; or

(c) Pesticides applied in the same structure in which a dispensary is located.

This section shall not be interpreted to prohibit shared access from a parking lot, walkway, concourse, or other area generally open to the public as part of a shopping center or business park, if allowed by the unit of local government.

44:90:04:13. Controlled access – Verification of identity. No medical cannabis establishment may share premises with or permit access directly from any residence or business unless permitted by § 44:90:04:04. This section shall not be interpreted to prohibit access from a shared parking lot, walkway, concourse, or other area generally open to the public as part of a shopping center or business park.

A medical cannabis establishment shall verify the age and identity of anyone entering the premises. Unless permitted by SDCL 34-20G-65 or § 44:90:08:01, no person may enter the premises other than agents of the establishment, contractors 18 years of age or older hired by the establishment, employees or agents of the department, law enforcement officers, or employees or

agents of other local or state agencies with regulatory authority, including fire marshals, electrical inspectors, pesticide control staff, and environmental inspectors, for the purpose of exercising such regulatory authority.

Law Implemented: SDCL 34-20G-65, 34-20G-72(5).

44:90:04:15. Operation of agricultural, industrial, or other heavy equipment – Training requirements. Establishment agents shall:

(1) Receive thorough training in the safe operation of any heavy agricultural equipment, industrial equipment such as extraction and packaging equipment, and other heavy equipment such as forklifts, before operating that equipment; and

(2) Complete OSHA-approved certification courses prior to using any equipment.

44:90:04:16. Record-keeping – Use of inventory tracking system – Training

requirements. Prior to performing duties onsite or transporting cannabis, an establishment agent shall receive at minimum two hours of training in record-keeping. The agent’s training must be documented in the establishment’s records.

Any establishment agent who will enter data into the inventory tracking system required by the department shall additionally receive at minimum two hours of hands-on training. At least one establishment agent for each establishment shall receive at minimum four hours of training to act as an administrator of the inventory tracking system.

Law Implemented: SDCL 34-20G-64, 34-20G-72(5).

44:90:04:18. Vehicle requirements – Establishments. Establishments shall provide the following information to the department for each vehicle that will be used to transport cannabis or cannabis products, including samples for testing:

- (1) Make, model, and license plate number;
- (2) Proof of a valid automobile insurance policy;
- (3) A description or photos of a secure, opaque, locking compartment to be used to secure cannabis and cannabis products;
- (4) Verification that the vehicle has a functioning alarm system; and
- (5) Verification, with photographs as necessary, that the vehicle cannot be identified as transporting cannabis or cannabis products.

General Authority: SDCL 34-20G-72(5)(f).

Law Implemented: SDCL 34-20G-72(5).

44:90:04:19. Transport manifests – Form and content. A transport manifest is required for all authorized transfers of any amount of cannabis or cannabis products, except retail sales at a dispensary. The transport manifest must contain:

- (1) The name, address, phone number, and license number of the establishment transporting the cannabis or cannabis products;
- (2) The name, address, phone number, and license number of the establishment receiving the items;

(3) The phone number and web address of the department's secure verification system;

(4) Description and quantities, either by weight or unit, of all items, including samples, contained in each transport;

(5) Date of transport and approximate time of departure and arrival;

(6) Vehicle make, model and license plate number;

(7) The name and signature of driver and any other agent accompanying the transport;

and

(8) The name and signature of the person accepting the transport, upon delivery.

Source:

General Authority: SDCL 34-20G-72(5)(f).

Law Implemented: SDCL 34-20G-63.

44:90:04:20. Separate transport manifest required. A separate transport manifest shall be prepared for each medical cannabis establishment that will receive cannabis or cannabis products. The vehicle must carry three copies of each transport manifest:

(1) One for the recipient;

(2) One to be returned to the originating establishment for the purposes of record

keeping; and

(3) One to be provided at the request of law enforcement or an agent of the department, if the vehicle is involved in a traffic stop or collision.

Any cannabis or cannabis products, including samples, that are refused by the intended recipient must be noted on the transport manifest and noted in the originating establishment's inventory records after the items are returned.

A transport manifest may not be altered from the originating establishment except as provided for in this section.

The transport manifest does not take the place of a chain-of-custody form that may be required of the establishment.

General Authority: SDCL 34-20G-72(5)(f).

Law Implemented: SDCL 34-20G-72(5).

44:90:04:21. Storage during transport. All cannabis or cannabis products being transported must be contained within an enclosed, locked area in the transport vehicle and out of public view. Samples of cannabis and cannabis products for testing must be transported in appropriately labeled sample collection containers with tamper-evident seals affixed that provide clear, lasting evidence that the package has previously been opened. All cannabis or cannabis products being transported to another establishment, other than samples for testing, must be transported within sealed containers identifying the recipient.

A cannabis product manufacturing facility or dispensary transporting any edible product requiring refrigeration to another establishment shall provide refrigerated transport. An establishment shall use temperature-controlled transport vehicles when necessary to prevent spoilage of the transported cannabis or cannabis products.

Source:

General Authority: SDCL 34-20G-72(5)(f).

Law Implemented: SDCL 34-20G-64, 34-20G-72(5).

44:90:04:22. Conduct during transport. Only agents of the establishment who are listed on each transport manifest may be in the vehicle. Each agent shall wear an agent identification badge while in the vehicle. Any vehicle transporting cannabis or cannabis products shall travel directly to the destinations listed on transport manifest, making stops only:

- (1) For meals, when the transport lasts more than three hours round trip;
- (2) For rest periods required by law;
- (3) To refuel; or
- (4) Under exigent circumstances, including collisions, traffic stops, mechanical breakdowns, weather emergencies, or medical emergencies.

An agent may not remove the cannabis or cannabis products from the vehicle until arrival at the destination listed on the transport manifest, except under exigent circumstances in consultation with the department pursuant to §44:90:04:23.

An establishment agent shall make a vehicle used for the transport of cannabis or cannabis products immediately available for inspection upon request of the department.

Upon law enforcement contact, agents shall provide their agent identification badges and all transport manifests.

General Authority: SDCL 34-20G-72(5)(f).

Law Implemented: SDCL 34-20G-64, 34-20G-72(5).

44:90:04:23. Transport incident notification. Any traffic stop, breakdown, collision, or unscheduled stop lasting more than two hours involving a vehicle being used by an establishment to transport cannabis or cannabis products, must be reported to the department within one

business day. Any theft or break-in involving a vehicle being used by an establishment to transport cannabis or cannabis products must be reported to local law enforcement and to the department within one business day.

If exigent circumstances require removal of cannabis from the vehicle prior to arrival at the destination listed on the transport manifest, the establishment agents shall make a good faith effort to contact the department for direction. If unable to contact the department, the establishment agents shall make a good faith effort to protect the shipment from diversion.

Law Implemented: SDCL 34-20G-64, 34-20G-72(5).

44:90:04:24. Health and safety standards for storage. A medical cannabis establishment shall store cannabis and cannabis products, unless on display for sale:

(1) In secure, sealed containers that protect against damage from light, water, insects, or rodents; and

(2) Under environmental conditions, including refrigeration of any perishable edible product, that will protect against physical, chemical, or microbial contamination and damage from temperature or humidity.

CHAPTER 44:90:05

CANNABIS CULTIVATION FACILITIES

Section

44:90:05:01 Cultivation activities – Compliance with operating procedures.

44:90:05:02 Packaging and labeling cannabis for retail sale.

44:90:05:03 Cultivation equipment – Safety.

44:90:05:04 Cultivation area.

44:90:05:05 Hours of operation – Exigent circumstances.

44:90:05:06 Fences and gates.

44:90:05:07 Safe application of pesticides and other chemicals used in cultivation – Training requirements.

44:90:05:08 Application of pesticides.

44:90:05:09 List of approved active ingredients in pesticides.

44:90:05:10 Safety of cannabis – Use or presence of prohibited pesticides – Contaminants.

44:90:05:01. Cultivation activities – Compliance with operating procedures. A

cultivation facility shall have a principal officer or other manager onsite whenever establishment agents are present. The principal officer or other manager shall ensure that all activities comply with the establishment’s operating procedures for:

- (1) Propagating and cultivating cannabis plants;
- (2) Trimming, drying, curing, and storing cannabis;
- (3) Packaging cannabis, including testing samples;
- (4) Transporting cannabis to another establishment, including testing samples; and

(5) Maintaining all required records.

Source:

General Authority: SDCL 34-20G-72(5)(e).

Law Implemented: SDCL 34-20G-72(5).

44:90:05:04. Cultivation area. Any cultivation of seedlings, immature plants, or mature plants shall take place in:

(1) An indoor facility meeting all security requirements of this article;

(2) One or more greenhouses meeting all security requirements of §§ 44:90:04:05 through 44:90:04:10, inclusive; or

(3) Within a secured, fenced-in area meeting the requirements of §§ 44:90:04:05 through 44:90:05:10, inclusive.

General Authority: SDCL 34-20G-72(5)(e).

Law Implemented: SDCL 34-20G-64, 34-20G-72(5).

44:90:05:06. Fences and gates. Any cultivation facility cultivating, processing, or storing cannabis outdoors or in greenhouses or other structures that do not meet all security requirements for buildings must secure such cultivation areas with fencing and gates that:

- (1) Are secure and undamaged;
- (2) Are at least six feet high; and
- (3) Obscure, or have a cover that obscures, regulated activities from being readily viewed from outside of the fenced-in area.

General Authority: SDCL 34-20G-72(5)(c).

Law Implemented: SDCL 34-20G-64, 34-20G-65, 34-20G-72(5).

44:90:05:07. Safe application of pesticides and other chemicals used in cultivation –

Training requirements. Any establishment agent who applies a department-approved pesticide shall hold a current pesticide applicator certification issued by the South Dakota Department of Agriculture and Natural Resources pursuant to chapter 12:56:05. Any establishment agent who applies or uses other agricultural chemicals shall have training in their safe use, including mitigating any risks to humans, animals, or waterways.

General Authority: SDCL 34-20G-72(5)(d).

Law Implemented: SDCL 34-20G-72(5).

44:90:05:08. Application of pesticides. The use of a pesticide in the cultivation of cannabis is prohibited unless it:

- (1) Is listed in the cultivation facility’s operating procedures filed with the department;
- and
- (2) Contains only those active ingredients approved by the department pursuant to §

44:90:05:09.

An approved pesticide may be applied only by an establishment agent with a current pesticide applicator license and only in a manner consistent with the product label.

General Authority: SDCL 34-20G-72(5)(d).

Law Implemented: SDCL 34-20G-72(5).

44:90:05:09. List of approved active ingredients in pesticides. The department approves the following substances as active ingredients in pesticides when used in a manner consistent with the product label:

(1) Synthetic chemical agents:

- (a) Auxin;
- (b) Azadirachtin;
- (c) Capric acid;
- (d) Caprylic acid;
- (e) Citric acid;
- (f) Copper octoanoate;
- (g) Cytokinins;
- (h) Diatomaceous earth;
- (i) Gibberellic acid;
- (j) Horticultural oils;
- (k) Hydrogen peroxide;
- (l) Indole-3-butyric acid;

- (m) Insecticidal soaps;
- (n) Iron phosphate;
- (o) Methoprene;
- (p) Peroxyacetic acid;
- (q) Petroleum oils;
- (r) Phosphorous acid, including salts thereof;
- (s) Potassium bicarbonate;
- (t) Potassium silicate;
- (u) Potassium sorbate;
- (v) Sodium bicarbonate;
- (w) Sodium ferric EDTA;
- (x) Sodium laurel sulfate; and
- (y) Sulfur.

(2) Bacterial or fungal agents:

- (a) Bacillus amyloliquefaciens strain D747;
- (b) Bacillus subtilis QST;
- (c) Bacillus thuringiensis;
- (d) Beauveria bassiana;
- (e) Burkholderia spp. Strain A396;
- (f) Gliocladium virens;
- (g) Harpin alpha beta;
- (h) Isaria fumosorosea;
- (i) Myrothecium verrucaria;

(j) Reynoutria sachalinensis;

(k) Trichoderma asperellum strain T34; and

(l) Trichoderma harzianum.

(3) Plant extracts:

(a) Capsaicin;

(b) Castor oil;

(c) Cinnamon oil;

(d) Clove oil;

(e) Corn oil;

(f) Cottonseed oil;

(g) Garlic oil;

(h) Geraniol;

(i) Geranium oil;

(j) Lemongrass oil;

(k) Linseed oil;

(l) Neem oil;

(m) Olive oil;

(n) Peppermint oil;

(o) Pyrethrins;

(p) Rosemary oil;

(q) Sesame oil;

(r) Soybean oil; and

(s) Thyme oil.

Substances identified as posing minimal risk in 40 C.F.R. § 180.950(e) (May 24, 2002) are approved as active or inert ingredients in pesticides when used in a manner consistent with the product label.

Law Implemented: SDCL 34-20G-72(5).

44:90:05:10. Safety of cannabis – Use or presence of prohibited pesticides –

Contaminants. The use or presence at a medical cannabis establishment of any pesticide with an active ingredient not on the approved list is a violation of this article and SDCL chapter 34-20G, and any cannabis to which the pesticide was applied is nonusable.

The knowing use or presence at a medical cannabis establishment of any pesticide containing, as an active ingredient, a synthetic chemical agent not on the approved list is a serious and knowing violation of this article and SDCL chapter 34-20G, and any cannabis to which the pesticide was applied is nonusable.

The knowing use or presence at a medical cannabis establishment of any pesticide listing a nonsynthetic substance prohibited in organic crop production under 7 C.F.R. § 205.602 (December 27, 2018) is a serious and knowing violation of this article and SDCL chapter 34-20G, and any cannabis to which the pesticide was applied is nonusable.

Cannabis is nonusable if it contains a level of any of the following contaminants at or in excess of the action level:

(1) Residual pesticides unless approved by the department:

44:90:06:09 Results of confirmation testing.

44:90:06:01. Required accreditation and registration – Drug Enforcement Agency.

Upon successful licensure and prior to accepting cannabis or cannabis products for testing, all cannabis testing facilities shall:

(1) Begin working with an accreditation body of licensing to ensure compliance with applicable rules and ensure progress towards achieving ISO/IEC 17025 accreditation, with a scope of accreditation that includes all analytical tests performed by the facility; and

(2) Successfully complete accreditation within 18 months of licensing.

Failure to successfully complete accreditation will result in licensure being revoked.

A cannabis testing facility shall register with the Drug Enforcement Agency pursuant to 21 C.F.R. part 1301.13 (June 28, 2021).

Cost: \$138.

44:90:06:02. Adherence to standard operating procedures – Quality control and quality assurance. A cannabis testing facility shall adhere to:

- (1) Written procedures for all preanalytical, analytical, and post-analytical processes;
- (2) Quality control and quality assurance manual;
- (3) Completion of validation studies of all analytical tests to be performed;
- (4) Proficiency testing at an interval determined by the accrediting body;
- (5) Achieving passing scores on each proficiency test or completion of corrective action,
as defined by the accrediting body; and
- (6) A program to assess and document, at least annually, the competency of all technical and scientific staff that perform preanalytical, analytical, and postanalytical processes.

General Authority: SDCL 34-20G-72(5)(k).

Law Implemented: SDCL 34-20G-72(5).

44:90:06:03. Sample collection. Each cannabis testing facility shall adopt standard operating procedures for the collection of samples for testing that must address:

(1) Minimum and maximum batch size for cannabis and cannabis products;
(2) Standards for the assignment of batch identifiers and sample identifiers;
(3) Minimum quantity of cannabis and cannabis products needed for each analytical test;
(4) Methodology for collecting material that is representative of the entire batch being tested;

(5) Cleaning, sanitizing, and other methods for preventing sample contamination;
(6) Containers to be used for sample collection, including methods for sealing; and
(7) Prevention of damage or degradation during storage and transport.

Source:

General Authority: SDCL 34-20G-72(5)(k).

Law Implemented: SDCL 34-20G-72(5).

44:90:06:04. Field audits. Field audits must be conducted at least quarterly by the cannabis testing facility's quality assurance staff to verify that samples are being collected in accordance with the cannabis testing facility's standard operating procedures as follows:

(1) Reviewing sampling records from the previous quarter and previous year for signs of irregularities;

(2) Observing the collection of samples by each person authorized to collect samples;

(3) Collecting verification samples for comparison of results to samples collected by each person authorized to collect samples;

(4) Recording any deficiencies identified;

(5) Informing any affected cannabis cultivation facility or cannabis product manufacturing facility that past results may have been affected by any deficiencies uncovered;

and

(6) Instituting corrective action.

General Authority: SDCL 34-20G-72(5)(k).

Law Implemented: SDCL 34-20G-72(5).

44:90:06:05. Chain of custody protocols. The chain of custody protocols developed by a cannabis testing facility must be approved by the department and must address:

(1) Recording the possession of samples from the time of sampling through destruction;

(2) Retaining for not less than 90 days any residual samples in the container in which the sample was submitted;

(3) Handling procedures during collection, transport, and testing to avoid loss, damage, diversion, contamination, or misidentification of samples; and

(4) The use of a chain of custody form that documents the collection, transport, receipt, testing, and destruction of samples.

Source:

General Authority: SDCL 34-20G-72(5)(k).

Law Implemented: SDCL 34-20G-63, 34-20G-72(5).

44:90:06:06. Chain of custody – Form. The chain of custody form must include:

(1) The sample location;

(2) The number and types of containers;

(3) The mode of collection;

(4) The authorized individual who collected the sample;

(5) The date and time of collection; and

(6) The requested analyses.

Source:

General Authority: SDCL 34-20G-72(5)(k).

Law Implemented: SDCL 34-20G-63, 34-20G-72(5).

44:90:06:07. Reporting of test results. The results of any analytical test of cannabis or cannabis products shall be provided to the cannabis cultivation facility or cannabis product manufacturing facility in the form of a certificate of analysis.

The cannabis testing facility shall update, each day by midnight, the inventory tracking system with:

(1) All samples collected; and

(2) The results of all voluntary and mandatory tests performed, including as applicable a quantitative value and whether the sample has passed or failed the test.

Source:

General Authority: SDCL 34-20G-72(5)(d)(e)(h)(k).

Law Implemented: SDCL 34-20G-63, 34-20G-72(5).

44:90:06:08. Analytical testing result verification. Prior to January 1, 2024, all medical cannabis and cannabis products tested by cannabis testing facilities are subject to routine confirmation testing by the department or department designee. The department shall conduct confirmation testing at regular intervals as needed to ensure consistent, reliable test results. Upon

request, the cannabis testing facility must submit residual material from samples with complete testing results to the department or department designee. The department or department designee shall perform testing using an acceptable method to verify initial results.

On or after January 1, 2024, the department may reduce the frequency of routine confirmation testing for analytical tests within the scope of accreditation for an ISO/IEC 17025 accredited cannabis testing facility, if the cannabis testing facility:

- (1) Participates in a proficiency testing program as defined by the ISO/IEC17025 accrediting body;
- (2) Performs proficiency testing at an interval defined by the accrediting body; and
- (3) Achieves a passing score on each proficiency test, or completes corrective action, as defined by the accrediting body.

The department may require all cannabis testing facilities to participate in confirmation testing to ensure the integrity of testing and consistency among cannabis testing facilities.

Law Implemented: SDCL 34-20G-69, 34-20G-72(5).

44:90:06:09. Results of confirmation testing. Results of confirmation testing conducted pursuant to § 44:90:06:08 must be made available to the originating cannabis testing facility. If initial testing results are found to be conforming, no additional action will be taken. If discordant results are encountered, the sample must be subjected to a third and final round of testing. If a third round of testing reveals discordant results, the cannabis testing facility must stop all testing

of cannabis and cannabis products pending completion of a corrective action plan approved by the department.

44:90:07:05 Extraction – Approved operating procedures.

44:90:07:06 Generally safe concentration methods.

44:90:07:07 Potentially hazardous extraction methods.

44:90:07:08 Extraction using inherently hazardous substances.

44:90:07:09 Edible cannabis products.

44:90:07:01. Manufacturing practices. A cannabis product manufacturing facility shall follow standard operating procedures to ensure workplace, environmental, and product safety:

(1) Ensuring that all equipment and surfaces that come into contact with cannabis or

other ingredients are food grade and nonreactive;

(2) Maintaining all counters and surface areas in a manner that reduces the potential for development of microbials, molds, mildew, fungi, and other contaminants;

(3) Providing adequate refrigeration for ingredients and products during manufacture, storage, or transport;

(4) Ensuring that all electrical equipment is listed by a nationally recognized testing laboratory or inspected annually by an engineer licensed pursuant to SDCL chapter 36-18A; and

(5) Storing all chemicals in a safe manner.

Law Implemented: SDCL 34-20G-72(5).

44:90:07:02. Work environment. As applicable, all agents of a cannabis product manufacturing facility shall:

(1) Work in an environment with proper ventilation, controlling all sources of ignition where a flammable atmosphere is or may be present;

(2) Use proper eye protection, respiratory protection, and gloves;

(3) Use only water that is potable and ice that is made from potable water; and

(4) Undergo safety training on fire prevention and safe operation of equipment used for manufacturing.

Law Implemented: SDCL 34-20G-72(5).

44:90:07:03. Cannabis product nonusable. A cannabis product is nonusable if it

contains:

(1) For an inhalable cannabis product:

(a) A level of any contaminant listed in § 44:90:05:10 at or in excess of the corresponding action level specified in that section; or

(b) Residual solvents other than glycerin, propylene glycol, or cooking fats at or in excess of the following action level:

<u>Residual Solvents</u>	<u>Action Level ug/g (parts per million)</u>
<u>Acetone</u>	<u>750</u>
<u>Butanes</u>	<u>800</u>
<u>Heptanes</u>	<u>500</u>

44:90:07:04. Prohibited manufacturing activities. A cannabis product manufacturing facility may not:

(1) Manufacture a product in the distinct shape of human, animal, creature, vehicle, fruit, cartoon character, toy, emoji, or other artwork likely or intended to appeal to anyone under 21 years of age;

(2) Manufacture a cannabis product by adding or infusing cannabis into a commercially available, noncannabis end product;

(3) Manufacture any edible cannabis product, except a tincture, oil, or capsule that has more than ten milligrams of THC per serving;

(4) Package in a marketing layer an edible cannabis product, except a tincture or oil, or

capsule containing oil with more than 100 milligrams of total THC;

(5) Manufacture any cannabis product except:

(a) Vaporizer pens or cartridges;

(b) Concentrated cannabis;

(c) Cannabis tinctures, oils, and capsules containing oil;

(d) Cannabis beverages;

(e) Other edible cannabis products; and

(f) Topical cannabis products for external use;

(6) Manufacture any product intended for ophthalmic, otic, rectal, or vaginal administration;

(7) Manufacture any cannabis product intended for inhalation using or containing polyethylene glycol, vitamin E acetate, or medium chain triglyceride oil;

(8) Manufacture a product using cannabis or concentrated cannabis that has not passed any test required by the department;

(9) Manufacture cannabis products intended for non-human consumption;

(10) Manufacture products that do not contain cannabis on the same premises as cannabis products; or

(11) Extract cannabis using pressurized canned flammable fuel, handheld torch devices, refillable cigarette lighters, or similar consumer products.

Law Implemented: SDCL 34-20G-72(5).

44:90:07:05. Extraction – Approved operating procedures. A cannabis product manufacturing facility shall conform with the standard operating procedures for extraction methods described in its operating procedures and may not extract cannabis using any other methods without prior written approval by the department.

A cannabis product manufacturing facility performing extraction may be subject to inspection by the state fire marshal, local fire department, building inspector, or code enforcement officer to confirm that no health or safety concerns are present, and that the facility complies with all applicable safety standards contained in local ordinance, SDCL chapter 11-10, article 61:15, and chapter 20:44:22.

General Authority: SDCL 34-20G-72(5)(e)(h).

Law Implemented: SDCL 34-20G-72(5).

44:90:07:06. Generally safe concentration methods. The following methods of preparing concentrated cannabis are permissible if listed in the establishment’s operating procedures on file with the department:

(1) Mechanical concentration using:

- (a) Potable water and ice made from potable water;**
- (b) Dry screening or sieving;**
- (c) Cryogenic or subzero processing not involving a solvent; and**
- (d) Pressure and temperature.**

(2) Infusion of cannabis in food grade fats or synthetic food additives using:

- (a) Propylene glycol;**

(b) Glycerin; or

(c) Butter, olive oil, or other typical cooking fats.

General Authority: SDCL 34-20G-72(5)(e)(h).

Law Implemented: SDCL 34-20G-72(5).

44:90:07:07. Potentially hazardous extraction methods. The department shall permit extraction using the following substances, if 99 percent or greater in purity and if the department deems storage, preparation, electrical, gas monitoring, fire suppression, and exhaust systems methods to be adequate:

(1) Carbon dioxide;

(2) Another liquid chemical, compressed gas, or commercial product that has a flashpoint above 100 degrees Fahrenheit; or

(3) Ethanol or solutions of ethanol and water.

Source:

General Authority: SDCL 34-20G-72(5)(e)(h).

Law Implemented: SDCL 34-20G-72(5).

44:90:07:08. Extraction using inherently hazardous substances. Before performing extraction using an inherently hazardous substance, the establishment must have prior physical inspection and written approval by an engineer licensed pursuant to SDCL chapter 36-18A that the establishment's storage, preparation, electrical, gas monitoring, fire suppression, and exhaust systems are adequate for the extraction methods and substances used.

Any extraction method using inherently hazardous substances must be listed in the operating procedures on file with the department and use a substance of 99 percent or greater purity. The resulting extract must not exceed residual limits for the substance established by the department as part of testing requirements.

The following solvents may be used in approved inherently hazardous extraction:

- (1) Butane;
- (2) Propane;
- (3) Acetone;
- (4) Heptane; or
- (5) Pentane.

The use of any inherently hazardous substance other than butane, propane, acetone, heptane, or pentane requires written approval of the department, upon documentation of the safety and efficacy of the selected method. All flammable gas must be odorized.

Law Implemented: SDCL 34-20G-72(5).

44:90:07:09. Edible cannabis products. A cannabis product manufacturing facility that has declared edible cannabis products as part of its approved operating procedures shall:

(1) Obtain a South Dakota food service establishment license, pursuant to SDCL chapter 34-18, covering ongoing activities at the location identified in the operating procedures;

(2) Employ a Certified Food Service Manager meeting the requirements of §

44:02:07:03;

(3) Comply with all applicable standards of chapter 44:02:07, and the city or county in which the establishment is located.

CANNABIS DISPENSARIES

Section

44:90:08:01 Preventing unauthorized access – Age verification.

44:90:08:02 Preventing unauthorized access – Age verification – Website or mobile application.

44:90:08:03 Preventing unauthorized sales – Training requirements.

44:90:08:01. Preventing unauthorized access – Age verification. No dispensary may allow entry into areas containing cannabis without first identifying an individual as a cardholder or other person authorized pursuant to § 44:90:04:14. No dispensary may allow entry to an age-restricted cardholder. Acceptable methods of controlling access include:

(1) Verification at an external cashier window or ticket window, followed by unlocking an exterior door to admit the individual into the building;

(2) Verification at a cashier window or ticket window located in an entryway with a locked interior door that prevents access to any area containing cannabis, followed by unlocking the interior door; and

(3) Verification by an agent outside a locked exterior or interior door, followed by unlocking the door.

Verification may not take place in any area in which a person may access cannabis without passing through a lockable door.

Law Implemented: SDCL 34-20G-64, 34-20G-72(5), 34-20G-95.

44:90:08:02. Preventing unauthorized access – Age verification – Website or mobile application. Any website or mobile application developed or hosted by an establishment must:

(1) Include verification that the visitor is a cardholder or nonresident cardholder, except an age-restricted cardholder, or is 21 years of age or older;

(2) Require the cardholder’s or nonresident cardholder’s registry identification number for verification of any online purchases; and

(3) Limit online sales to cardholders and nonresident cardholders who previously have made a purchase of cannabis or cannabis products at the establishment.

44:90:08:03. Preventing unauthorized sales – Training requirements. Before

interacting with any cardholder, any employee of a dispensary shall be trained to:

(1) Determine the authenticity of registry identification cards;

(2) Ensure that the person presenting a registry identification card is the authorized cardholder;

(3) Use the verification system by phone, point-of-sale software, and mobile application;

(4) Track the amount of cannabis dispensed for a patient’s use and consolidate the amounts in sales to the patient and the patient’s designated caregiver; and

(5) Verify that the dispensary has been designated to make sales to the patient or the patient’s designated caregiver.

SAMPLING AND TESTING

44:90:09:01 Mandatory testing prior to transfer.

44:90:09:02 Absence of mandatory testing.

44:90:09:03 Prohibited transfer of cannabis or cannabis product – Exceptions.

44:90:09:04 Retention of certificate of analysis.

44:90:09:05 Payment of fees associated with testing.

44:90:09:06 Creation of batches.

- 44:90:09:07 Collection of samples.
- 44:90:09:08 Packaging of samples for testing.
- 44:90:09:09 Storage while awaiting test results.
- 44:90:09:10 Receipt of results – Remediation.
- 44:90:09:11 Remediation of nonusable batches.
- 44:90:09:12 Destruction of nonusable batches

44:90:09:01. Mandatory testing prior to transfer. A cultivation facility or product manufacturing facility must submit cannabis and cannabis products for the following tests prior to transfer to another establishment:

(1) Beginning July 1, 2022:

- (a) Potency testing for THC content and, if so labeled, CBD content; and
- (b) Microbials listed in §44:90:05:10(3);

(2) Beginning July 1, 2023:

- (a) Mycotoxins listed in §44:90:05:10(2);
- (b) Metals listed in §44:90:05:10(4) and 44:90:07:03;
- (c) Pesticides listed in §44:90:05:10(1); and
- (d) Solvents listed in §44:90:07:03.

Law Implemented: SDCL 34-20G-72(5).

44:90:09:02. Absence of mandatory testing. The absence of mandatory testing may not

be interpreted to allow:

(1) The use of prohibited solvents or pesticides;

(2) Agricultural or manufacturing practices that promote the growth of mold, yeast, or bacteria; or

(3) Soil or growing media containing unsafe levels of lead, arsenic, cadmium, or mercury.

General Authority: SDCL 34-20G-72(5)(d)(e).

Law Implemented: SDCL 34-20G-72(5).

44:90:09:03. Prohibited transfer of cannabis or cannabis product – Exceptions.

Except as allowed by § 44:90:09:11, no cannabis or cannabis products may be transferred by a cannabis cultivation facility or cannabis product manufacturing facility to a cannabis product manufacturing facility or cannabis dispensary unless:

(1) A cannabis testing facility has performed all mandatory tests on the cannabis or cannabis products and determined it complies with this article; and

(2) The cannabis or cannabis products are accompanied by a certificate of analysis issued by the cannabis testing facility that covers all mandatory tests.

Except samples for testing, any cannabis or cannabis products transferred from a cannabis cultivation facility or a cannabis product manufacturing facility without a certificate of analysis is nonusable and may not be remediated.

General Authority: SDCL 34-20G-72(5)(d)(e).

Law Implemented: SDCL 34-20G-72(5).

44:90:09:04. Retention of certificate of analysis. A cannabis product manufacturing facility or cannabis dispensary shall maintain the certificate of analysis for any cannabis or cannabis products for 180 days or until all of the cannabis or cannabis products have been transferred or destroyed, whichever is later.

Law Implemented: SDCL 34-20G-72(5).

44:90:09:06 Creation of batches. A cannabis cultivation facility or cannabis product manufacturing facility shall:

(1) Divide cannabis or cannabis products into batches as directed by a registered cannabis testing facility;

(2) Assign a unique batch identifier to the cannabis or cannabis products; and

(3) When cannabis is harvested or trimmed:

(a) Cannabis flower shall be assigned to a batch containing a single strain from a

single harvest date; and

(b) Cannabis trim may be assigned to a batch containing multiple strains and from multiple trimming dates.

General Authority: SDCL 34-20G-72(5)(d)(k).

Law Implemented: SDCL 34-20G-72(5).

44:90:09:07. Collection of samples. A cannabis cultivation facility or cannabis product manufacturing facility shall submit for laboratory testing at minimum one sample from each batch of cannabis or cannabis products created pursuant to § 44:90:09:06 or as directed by the cannabis testing facility based on batch size.

Before January 1, 2024, samples for testing shall be collected by an agent of either the testing facility or the establishment submitting the sample, if:

- (1) No agent collects samples prior to receiving full training on the cannabis testing facility's sample collection procedures;
- (2) The collection of samples takes place in full view of security cameras; and
- (3) The collection of samples by agents of the establishment submitting the samples is done with the permission of the cannabis testing facility. The cannabis testing facility may revoke the permission at any time without stating a reason.

On or after January 1, 2024, samples for testing must be collected by an agent of the testing facility.

The collection of samples must comply in all manner with the testing facility's standard operating procedures and requirements for ISO/IEC 17025 accreditation.

General Authority: SDCL 34-20G-72(5)(f)(k).

Law Implemented: SDCL 34-20G-72(5).

44:90:09:09. Storage while awaiting test results. A cultivation facility or cannabis product manufacturing facility awaiting testing results shall:

- (1) Enter the identification number of the batch and the identification number of the samples associated with the batch into the establishment's inventory records;
- (2) Store the batch in one or more sealed containers enclosed on all sides; and
- (3) Affix to the container a label including the following information:

- (a) The establishment's identification number;
- (b) The batch number entered into inventory records;
- (c) Name and identification number of the testing facility that will perform the

tests;

- (d) The sample's unique identification number
- (e) The date the samples were taken; and
- (f) In bold, capital letters, no smaller than 12-point font, PRODUCT NOT

TESTED.

44:90:09:10. Receipt of results – Remediation. Upon receipt of a certificate of analysis indicating that cannabis or cannabis products comply with SDCL chapter 34-20G and this article and after the cannabis testing facility updates the inventory tracking system, the cannabis cultivation facility or cannabis product manufacturing facility may transfer the cannabis or cannabis products to another establishment, subject to the inventory tracking requirements of this article.

Upon receipt of a certificate of analysis indicating that cannabis or cannabis products are nonusable, the cannabis or cannabis products shall remain, until remediated or destroyed in accordance with this article, in the same storage container with a new label depicting:

- (1) The establishment's identification number;
- (2) The batch number entered into inventory records;

- (3) Name and identification number of the testing facility that will perform the tests;
- (4) The sample's unique identification number;
- (5) The date the samples were taken;
- (6) The reason for failed analytical testing; and
- (7) In bold, capital letters, no smaller than 12-point font, PRODUCT FAILED

Law Implemented: SDCL 34-20G-72(5).

44:90:09:11. Remediation of nonusable batches. A cannabis cultivation facility or cannabis product manufacturing facility may elect to remediate a batch of cannabis or cannabis products that failed testing, provided that:

(1) Cannabis and cannabis products that fail tests for metals or pesticides may not be remediated;

(2) Cannabis and cannabis products that fail tests for prohibited solvents may not be remediated;

(3) An establishment shall outline its processes for remediating cannabis and cannabis products in its operating procedures;

(4) An establishment shall obtain department permission before remediating a batch of cannabis or cannabis products; and

(5) Any cannabis or cannabis products must be retested and must pass all required tests after remediation.

General Authority: SDCL 34-20G-72(5)(d)(e).

Law Implemented: SDCL 34-20G-72(5).

44:90:09:12. Destruction of nonusable batches. If a cultivation facility or product manufacturing facility is unable or unwilling to remediate a nonusable batch of cannabis or cannabis products, the establishment shall:

(1) Note in the inventory tracking system, or if unavailable, provide notice within one business day in writing to the department, that the establishment will destroy the cannabis or cannabis products;

(2) Follow the procedures for destroying cannabis waste in the establishment's approved operating procedures; and

(3) Ensure that destruction of the nonusable batch is captured by functioning security cameras and stored according to this article.

PACKAGING, LABELING, AND ADVERTISING

Section

44:90:10:01 Packaging for retail sale – General requirements.

44:90:10:02 Packaging of cannabis flower or trim or inhalable cannabis products for retail sale.

44:90:10:03 Packaging of edible cannabis products for retail sale – Tinctures, oils, and beverages excluded.

44:90:10:04 Packaging of cannabis tinctures and oils for retail sale.

44:90:10:05 Packaging of cannabis beverages for retail sale.

44:90:10:06 Packaging of topical cannabis products for retail sale.

44:90:10:07 Labeling required.

44:90:10:08 Format of labeling – Font size – Multiple labels.

44:90:10:09 Labeling claims – Results of testing.

44:90:10:10 Expected effects – Time to take effect – Duration of effect.

44:90:10:11 Ingredients – Allergen warnings.

44:90:10:12 Contents – Net weight or volume – Nutritional information.

44:90:10:13 Identifying information – Establishment identification number – Batch – Dates.

44:90:10:14 Labeling prohibitions.

44:90:10:15 Target audience – Establishments and adult cardholders only – Prohibition on advertising to practitioners.

44:90:10:16 Advertising on websites, social media and mobile applications.

44:90:10:17 Prohibited content – Advertisements.

44:90:10:18 Required information – Advertisements.

44:90:10:19 Nonconforming advertising.

44:90:10:01. Packaging for retail sale – General requirements. A dispensary shall

transfer any cannabis or cannabis products to the patient or designated caregiver in packaging that is:

(1) Child-resistant in compliance with 16 C.F.R. part 1700.15 (July 21, 1995);

(2) Tamper-evident, using a sealing method that provides clear, lasting evidence that the package has previously been opened;

(3) Resealable, except for single-serving cannabis products; and

(4) Opaque.

Unless otherwise specified by this article, each packaging requirement may be met by the container provided by either the cultivation facility or cannabis product manufacturing facility or by exit packaging supplied by the dispensary at the time of sale.

Law Implemented: SDCL 34-20G-72(5).

44:90:10:02. Packaging of cannabis flower or trim or inhalable cannabis products

for retail sale. Cannabis flower or trim or an inhalable cannabis product shall be transferred by a dispensary in a container that is fully enclosed on all sides, as follows:

(1) If the container is soft-sided, it must be four mil or greater in thickness; or

(2) If the container has rigid sides, it must have a lid or enclosure that can be placed

tightly and securely on the container.

Law Implemented: SDCL 34-20G-72(5).

44:90:10:03. Packaging of edible cannabis products for retail sale – Tinctures, oils,

and beverages excluded. Edible cannabis products shall be packaged as follows:

1. Single-serving edible cannabis products, other than tinctures, oils, and beverages:

(a) Shall be placed into a child-resistant container that may or may not be resealable; and

(b) May be bundled into a larger marketing layer so long as the total amount of active THC per marketing layer does not exceed 100 milligrams.

(2) Multiple-serving edible cannabis products, other than tinctures, oils, and beverages:

(a) Shall be packaged either in a resealable container or with individual servings heat-sealed into packaging made of plastic four mil or greater in thickness with no easy-open tab, dimple, corner, or flap;

(b) Shall contain 100 milligrams or less of total THC per multiple-serving container; and

(c) Shall clearly indicate the size of a serving if the edible product is not in a form that indicates a serving.

General Authority: SDCL 34-20G-72(5)(j).

Law Implemented: SDCL 34-20G-72(5).

44:90:10:04. Packaging of cannabis tinctures and oils for retail sale. Cannabis

tinctures or oils shall be packaged:

(1) In a glass or plastic vial or dosage syringe, either:

(a) With a resealable child-resistant cap; or

(b) With a resealable cap and enclosed in a child-resistant, soft-sided container

made of plastic that is four mil or greater in thickness and heat-sealed; and

(2) With an indication of individual servings, either:

(a) By dividing cannabis oil into individual gelatin capsules; or

(b) By including with the cannabis tincture or oil a measuring device such as a dosing syringe, measuring cap, or dropper. Hash marks on the bottle or package do not qualify as a measuring device.

Law Implemented: SDCL 34-20G-72(5).

44:90:10:05. Packaging of cannabis beverages for retail sale. Cannabis beverages shall be packaged as follows:

(1) Single-serving cannabis beverages that do not contain more than ten milligrams of THC must be packaged in:

(a) A child-resistant container;

(b) A metal can with a stay tab mechanism opening; or

(c) A glass bottle with a cork or metal crown style bottle cap;

(2) Multiple-serving cannabis beverages that contain more than ten milligrams of THC but no more than 100 milligrams of THC must:

(a) Be packaged in a child-resistant container that has a resealing cap or closure;

and

(b) Include a measuring device such as a measuring cap or dropper. Hash marks on the bottle or package do not qualify as a measuring device.

Cannabis beverages packaged according to this section may be bundled into a larger marketing layer so long as the total amount of THC per marketing layer does not exceed 100 milligrams.

ENFORCEMENT

Section

44:90:12:01 Department inspection of establishments.

44:90:12:02 Recalls.

44:90:12:03 Corrective action plan.

44:90:12:04 Suspension or revocation of registration certificate for serious and knowing violations.

44:90:12:05 Suspension or revocation of registration certificate for multiple violations.

44:90:12:06 Voluntary surrender of registration certificate.

44:90:12:07 Revocation of registry identification card for unauthorized sale.

44:90:12:08 Revocation of registry identification card for serious or multiple violations.

44:90:12:01. Department inspection of establishments. The department may inspect an establishment during an unannounced visit or in response to a complaint. Agents of the department:

- (1) Shall present identification before commencing an inspection of an establishment;
- (2) Shall have complete and unrestricted access to establishments during business hours for the purposes of inspections, sample collection, testing, interviews, or other investigations;
- (3) May collect samples of cannabis and cannabis products and perform analytical tests on those samples or submit them to a cannabis testing facility for testing;
- (4) May inspect the contents of any vehicle used by an establishment to transport cannabis, cannabis extracts, or cannabis products and examine the transport manifest; and
- (5) Shall have access to inventory records and certificates of analysis maintained by the establishment, including collecting paper or electronic copies for further review.

The department shall provide an establishment the results of any analytical tests performed on samples taken from the establishment and shall inform the establishment whether the cannabis or cannabis products from which the samples were taken are nonusable.

General Authority: SDCL 34-20G-72(6).

Law Implemented: SDCL 34-20G-69, 34-20G-72(6).

44:90:12:02. Recalls. If the department determines that cannabis or cannabis products that have been transferred to a dispensary pose a risk to public health or safety due to contamination, spoilage, mislabeling, or other reasons, the department may initiate a recall as follows:

(1) The department shall request that any establishment that cultivated, manufactured, or sold the affected cannabis or cannabis products initiate a voluntary recall;

(2) The department's correspondence shall include the reasons for the recall request;

(3) The affected establishments shall immediately store the affected cannabis in storage containers labeled prominently with the words RECALLED – DO NOT TRANSFER;

(4) The affected establishments may voluntarily issue a recall of the cannabis or cannabis products;

(5) If the affected establishments agree to issue a recall, then the dispensary shall inform patients who purchased the recalled products that they should discontinue use and return the items to the dispensary; and

(6) If one or more affected establishments do not agree with the recall request, the department may order the recall of the affected items and shall identify the department's decision as a final department action subject to judicial review pursuant to SDCL chapter 1-26.

General Authority: SDCL 34-20G-72(6).

Law Implemented: SDCL 34-20G-69, 34-20G-72(6).

44:90:12:03. Corrective action plan. Upon the discovery of suspected violations of this article or SDCL chapter 34-20G, the department may order the establishment to comply with a corrective action plan, which may include:

(1) Modifying operating procedures to comply with this article and SDCL chapter 34-20G;

(2) Halting transfer of cannabis or cannabis products that are mislabeled or otherwise pose a threat to public health; and

(3) Destroying or remediating cannabis or cannabis products that pose a threat to public health.

The department may order a licensee to destroy a batch of cannabis or cannabis products that fails testing and does not need to demonstrate that the presence of contaminants was due to the action or inaction of the licensee. Such notice must identify the department's decision as a final department action subject to judicial review pursuant to SDCL chapter 1-26.

Nothing in this section prohibits licensees from initiating corrective action, including voluntarily recalling cannabis or cannabis products.

General Authority: SDCL 34-20G-72(6).

Law Implemented: SDCL 34-20G-72(6), 34-20G-80, 34-20G-81.

44:90:12:06. Voluntary surrender of registration certificate. An establishment may offer to voluntarily surrender its registration certificate and cease operations. In such cases, the department has the discretion:

(1) To reject voluntary surrender;
(2) To accept the voluntary surrender without conditions; or
(3) To negotiate conditions of a voluntary surrender, including the amount of time before
which the establishment or any principal officer or board member may apply for a registration
certificate.
