CHAPTER 44:90:01

DEFINITIONS

Section

44:90:01:01 Definitions.

44:90:01:01. Definitions. Terms defined in SDCL 34-20G-1 have the same meaning when used in this article. As used in this article:

(1) “Action level” means the level of a contaminate that triggers action to prohibit a cannabis product from being sold;

(2) “Age-restricted cardholder” means a cardholder or nonresident cardholder who is under 18 years of age or who is enrolled in an elementary, middle, or high school;

(3) “Agent identification badge” means a credential provided by an establishment for use by an agent while performing work-related duties;

(4) “Allowable quantity of cannabis products” means an amount of cannabis products that may be possessed by a cardholder or nonresident cardholder pursuant to SDCL 34-20G-1(1)(b)(c); Nothing in these rules applies to drugs approved by the FDA;

(5) “Analyte” means a chemical, compound, element, bacteria, yeast, fungus, or toxin that is identified or measured by testing;

(6) “Analytical test” means the use of a single technology to detect the presence or concentration of a single analyte on one or more matrices;

(7) “Authorized transfer” means the distribution of cannabis and cannabis products between medical cannabis establishments that is allowable within inventory tracking system procedures;

(8) “Batch” means a specific quantity of cannabis that is the same strain, grown under the same conditions, and harvested during a specified period of time from a specified cultivation area within a cultivation facility, with the exception of trim; or a specific quantity of cannabis products that is produced during a specified period of time using the same extraction and/or manufacturing method, formulation and/or recipe;

(9) “Batch identifier” means a unique number or code assigned by an establishment to a quantity of cannabis or cannabis products for testing;

~~(8)~~(10) “Cannabis beverage” means a liquid edible cannabis product with a concentration of less than one milligram of delta-9 tetrahydrocannabinol (THC) per ounce of liquid;

~~(9)~~(11) “Cannabis extract” means the resin extracted from any part of a cannabis plant using a liquid or gaseous solvent other than water;

~~(10)~~(12) “Cannabis oil” means an edible cannabis product using a food-safe oil as the primary noncannabis ingredient and with no added flavors, colors, or scents;

(13) “Cannabis testing facility designee” means an employee or an agent of the cannabis testing facility that holds an agent identification badge and has completed the required training for the purposes of sample collection;

~~(11)~~(14) “Cannabis waste” means cannabis flower or trim, cannabis seeds, cannabis products, byproducts containing cannabis, or cannabis plants, excluding stalks without trichomes and root balls, that have been designated for destruction;

~~(12)~~(15) “Certificate of analysis” means a written report of the results of analytical testing, indicating whether the results comply with this article;

~~(13)~~(16) “Chain of custody” means documentation of the handling of cannabis and cannabis products;

~~(14)~~(17) “Collective” means two or more cardholders who physically assist each other in the act of cultivating or processing cannabis for medical use, except that the sharing of an enclosed, locked facility for cultivation by two or more cardholders in their own dwelling is not a collective;

~~(15)~~(18) “Competitive application” means a medical cannabis establishment application that is scored numerically by the department, in cases where more applicants apply than are allowed by the local government;

~~(16)~~(19) “Concentrated cannabis” or “cannabis concentrate” means cannabis extract or a preparation made by using heat, temperature, or mechanical means to separate cannabinoids from cannabis, including hashish;

~~(17)~~(20) “Confirmation testing” means testing performed by, or at the direction of, the department to determine consistency and accuracy of tests offered by cannabis testing facilities;

~~(18)~~(21) “Equivalent cannabis weight” means the weight, in ounces, that a given quantity of cannabis product counts against the total allowable amount of cannabis under SDCL 34-20G-1(1);

~~(19)~~(22) “Exit packaging” means a bag, box, or other container for use in transporting cannabis or cannabis products after purchase at a dispensary;

~~(20)~~ “~~Extended plant count~~” means ~~the authorized cultivation of more than three plants simultaneously for a single patient’s use;~~

~~(21)~~(23) “Flower” means the pistillate reproductive organs of a mature cannabis plant, whether processed or unprocessed, including the flowers and buds of the plant;

(24) “Homogenous” means uniform throughout as it relates to the creation of batches and representative sampling. See representative sampling definition;

~~(22)~~(25) “Immature plant” means a nonflowering cannabis plant that measures 12 inches or more from the base of the main plant stalk to the most distant point of the plant's leaf stems or branches;

~~(23)~~(26) “Index factor” means the annual percentage change in the consumer price index for urban wage earners and clerical workers as computed by the Bureau of Labor Statistics of the United States Department of Labor, for the year immediately preceding the year of adjustment;

~~(24)~~(27) “Inhalable cannabis product” means a cannabis product that is intended to be consumed by inhalation;

~~(25)~~(28) “Inherently hazardous substance” means any solvent or chemical, other than ethanol, with a flash point at or lower than 100 degrees Fahrenheit;

~~(26)~~(29) “Inventory record” means a daily electronic record of all cannabis;

~~(27)~~(30) “Inventory tracking system” means an electronic system specified by the department for the purposes of identifying and preventing diversion and protecting patients from unsafe cannabis or cannabis products;

~~(28)~~(31) “ISO/IEC 17025 accreditation” means accreditation by the International Accreditation Service, the American Association for Laboratory Accreditation, the American National Standards Institute’s National Accreditation Board, or another laboratory accreditation board that the testing facility meets *General Requirements for the Competence of Testing and Calibration Laboratories* developed by the International Organization for Standardization and the International Electrotechnical Commission for a particular analyte and technology;

~~(29)~~(32) “Low-income” means having a gross monthly household income that is 130 percent or less of the federal poverty level as defined by § 67:11:01:03;

~~(30)~~(33) “Marketing layer” means the outermost layer of a retail sale container predominantly apparent and visible;

~~(31)~~(34) “Matrix” means a component or substrate that contains an analyte being tested for;

~~(32)~~(35) “Mature plant” means a cannabis plant that has flowered;

~~(33)~~(36) “Nationally recognized testing laboratory” means an independent laboratory recognized by the Occupational Health and Safety Administration pursuant to 29 C.F.R. § 1910.7 (February 18, 2020);

~~(34)~~(37) “Nonusable” means unfit for sale or, except for the purposes of remediation, transfer;

~~(35)~~(38) “Remediation” means the further processing of a batch of cannabis or cannabis products that has failed testing, using a process approved by the department to address the reasons for the failure;

(39) “Representative sample” means the amount of cannabis and cannabinoids within the product being consistent and reasonably equally dispersed throughout the product or each portion of the product, or a homogenous sample.

~~(36)~~(40) “Sample identifier” means a unique number or code assigned to a sample to be tested by a testing facility, either by the establishment submitting the sample or an agent of the testing facility;

~~(37)~~(41) “Seedling” means a nonflowering cannabis plant or rooted cutting that measures less than 12 inches from the base of the main plant stalk to the most distant point of the plant's leaf stems or branches;

~~(38)~~(42) “Smokable form” means in a form of cannabis or cannabis product marketed to be heated in the presence of oxygen and inhaled through smoking;

~~(39)~~(43) “Synthetic” means formulated or manufactured by a chemical process or by a process that chemically changes a substance extracted from naturally occurring plant, animal, or mineral sources;

~~(40)~~(44) “Testing sample record” means a daily electronic record maintained by an establishment of batch identifiers, sample identifiers, and associated information;

~~(41)~~(45) “Tincture” means a liquid edible cannabis product with a concentration of greater than one milligram of THC per ounce of liquid in the form of ethanol, propylene glycol, glycerin, or food safe oil;

~~(42)~~(46) “Topical cannabis product” means a nonedible cannabis product that is intended to be applied externally to the skin;

~~(43)~~(47) “Transaction record” means a daily electronic record created and maintained by a dispensary to track transactions with patients;

~~(44)~~(48) “Transfer record” means a daily electronic record of any acquisition of seeds, seedlings, plants, cannabis, or cannabis products and any transfer of cannabis or cannabis products to another medical cannabis establishment;

~~(45)~~(49) “Trim” means trichome-containing leaves of the cannabis plant that have been intentionally removed during cultivation; and

~~(46)~~(50) “Vaporizer product” means an inhalable cannabis product containing concentrated cannabis that is heated below the point of combustion.

44:90:02:01. Practitioner’s written certification of debilitating medical condition and therapeutic or palliative benefit. Only a practitioner as defined by SDCL 34-20G-1(20)(21) may issue a written certification pursuant to SDCL 34-20G-1(23)(26) to a resident of South Dakota. A

practitioner's written certification shall be submitted to the department and must be on a form supplied by the department. The certification must include:

- (1) The practitioner's name and address;
- (2) The practitioner's South Dakota license and National Practitioner Identification numbers, if applicable;
- (3) Certification that the practitioner has assessed the patient's medical history and current medical condition, including an in-person physical examination;
- (4) The date on which the physical examination was conducted;
- (5) Certification that the patient has a debilitating medical condition, as defined by SDCL 34-20G-1(8), specifying the International Classification of Diseases, Tenth Revision code;
- (6) Certification that the practitioner and patient, or the patient's parents or legal guardian, have discussed treatment options for the patient's debilitating medical condition, ~~including the therapeutic or palliative benefits and risks associated with the medical use of cannabis;~~
- (7) Certification that the practitioner is available for further consultation and follow up care with the patient or the patient's parents or legal guardian ~~as required to monitor the use of cannabis;~~
- (8) ~~The date, if applicable, on which the patient's need for the medical use of cannabis is expected to end; and~~ of expiration, not to exceed one year;
- (9) The number of designated caregivers, if more than one, that the patient's age or medical condition necessitates; and
- (10) Certification that the bona-fide practitioner-patient relationship exists and the relationship is not for the sole purpose of providing a written certification for medical cannabis, unless referred by another practitioner.

44:90:02:02. Practitioner’s written certification -- Determination of caregivers. For patients under the age of 18, a practitioner as defined by SDCL 34-20G-1(20)(21) shall consult with the patient’s parents or legal guardians to determine how many designated caregivers are needed to manage the acquisition, dosage, and frequency of use. The practitioner shall include the number of designated caregivers on the written certification.

For patients 18 years of age or older, if the practitioner believes the patient’s age or medical condition necessitates the appointment of more than one designated caregiver, the practitioner shall include the number of designated caregivers on the written certification.

44:90:02:02.01. Practitioner certification -- Recommendation for cultivation of cannabis -- Extended plant count. ~~The department shall reject a recommendation for a South~~

~~Dakota resident to cultivate an extended plant count not issued by a physician. The physician's recommendation that the patient be allowed to cultivate an extended plant count expires 200 days after the date of the recommendation.~~

~~— A physician's recommendation for an extended plant count must specify the following reasons for the extended plant count:~~

~~—— (1) The research on which the physician relied in calculating the amount of cannabis required by the patient and that the risks associated with using that amount of cannabis are outweighed by the benefits;~~

~~—— (2) The difficulty the patient would experience in obtaining an adequate supply of cannabis from dispensaries due to the patient's place of residence or level of disability; and~~

~~—— (3) Any other factors justifying the recommendation Repealed.~~

Law Implemented: SDCL 34-20G-29.

44:90:02:05. Patient designation of designated caregivers -- Age-restricted cardholders -- Person responsible for making medical decisions -- Residents of health care facility or residential care facility. A qualifying patient may designate an eligible individual as a designated caregiver by submitting to the department:

- (1) A completed designation on a form supplied by the department;
- (2) The designated caregiver's sworn statement that the designated caregiver has not been convicted of a disqualifying felony offense; and
- (3) Any additional fees pursuant to § 44:90:02:17.

An age-restricted cardholder shall designate at least one designated caregiver. If a practitioner has recommended that a patient younger than 18 years of age have multiple designated caregivers, the parents or legal guardians may designate other designated caregivers as advised by the practitioner.

The person responsible for making medical decisions for a qualifying patient 18 years of age or older, if qualified pursuant to SDCL 34-20G-1(10), shall be designated caregiver to the qualifying patient. If the practitioner has recommended that the patient have multiple designated caregivers, the person responsible for making medical decisions may designate other designated caregivers as advised by the practitioner.

The designation of an employee of a health care facility ~~or residential care facility~~, treatment facility, as defined in SDCL 34-20A-2, a mental health center, as defined in SDCL 27A-1-1, a child welfare agency, as defined in SDCL 26-6-1, or a community support provider or community

services provider, as defined in SDCL 27B-1-17 to act as a designated caregiver on the premises of the facility requires the signature of the facility director or designee.

The designation of a designated caregiver expires on the same date as the qualifying patient's registry identification card.

44:90:02:06. Designated caregivers -- State-only background check -- Prohibition of remuneration. Each person designated as a designated caregiver to one or more qualifying patients shall submit to the Division of Criminal Investigation once every two years:

(1) A photocopy of an unexpired form of identification acceptable for voter identification pursuant to SDCL 12-18-6.1;

(2) A Division of Criminal Investigation fingerprint card processed by a local law enforcement agency; and

(3) An authorization and release form releasing the results of a state-only background check to the department, and payment of any fee charged by the Division of Criminal Investigation.

A designated caregiver shall submit to the department a photograph meeting the requirements of § 44:90:02:04(3) once every five years. A designated caregiver shall acknowledge in writing to the department the prohibition of remuneration other than direct costs incurred for

assisting with the registered qualifying patient's medical use of cannabis, pursuant to SDCL 34-20G-2(2).

44:90:02:08. Requirements for designated caregivers designated to cultivate cannabis.

Only one person may cultivate cannabis on behalf of a patient, except that:

(1) A qualifying patient may share the designation with a designated caregiver who resides in the same dwelling; and

(2) Two parents or legal guardians of an age-restricted cardholder who reside in the same dwelling may share the designation.

The entirety of a patient's cannabis must be cultivated in a single enclosed, locked facility. ~~No designated caregiver may simultaneously cultivate an extended plant count for more than one qualifying patient.~~

Two or more designated caregivers may not form a collective. Two or more designated caregivers may not cultivate cannabis in a single-unit building or in a unit of a multi-unit building, unless expressly permitted by SDCL chapter 34-20G.

CHAPTER 44:90:03

REGISTRATION CERTIFICATES

Section

- 44:90:03:01 Initial application for registration certificate.
- 44:90:03:02 Certificate renewal -- Application.
- 44:90:03:03 Certificate location transfer -- Application.
- 44:90:03:04 Transfer of ownership.
- 44:90:03:05 Operating procedures -- Required contents -- All medical cannabis establishments.
- 44:90:03:06 Cannabis cultivation facility operating procedures -- Additional requirements.
- 44:90:03:07 Cannabis testing facility operating procedures -- Additional requirements.
- 44:90:03:08 Cannabis product manufacturing facility operating procedures -- Additional requirements.
- 44:90:03:09 Cannabis dispensary operating procedures -- Additional requirements.
- 44:90:03:10 Compliance with local zoning requirements -- Form of certification.
- 44:90:03:11 Local registration, license, or permit -- Department verification.
- 44:90:03:12 Deadline to submit initial applications for establishments.
- 44:90:03:13 No registration certificate revocation -- Department verification.

- 44:90:03:14 No disqualifying felonies -- Form of certification.
- 44:90:03:15 Department review of competitive applications -- Scoring criteria.
- 44:90:03:16 Department awarding of certification -- Tiebreaking procedures -- Notice to unsuccessful applicants.
- 44:90:03:17 Fees for registration certificate -- Application and renewal.

44:90:03:07. Cannabis testing facility operating procedures -- Additional requirements. The written operating procedures for a testing facility must provide the department with sufficient detail to determine the establishment's compliance with this article and SDCL chapter 34-20G, including:

(1) A policy signed by each owner that ensures management and personnel are free from any undue internal and external commercial, financial, or other influences that may adversely affect the quality of their work or diminish confidence in its competence, impartiality, judgment, or operational integrity;

(2) A signed disclosure by each owner stating that there is no financial conflict with, interest in, investment in, landlord-tenant relationship with, or loan to a cannabis cultivation facility, cannabis product manufacturing facility, or cannabis dispensary;

(3) A list of analytical tests, specifying the analyte and technology for each, the applicant intends to offer and:

(a) Certification that the applicant will, within six months of licensing, begin working with an accreditation body to ensure compliance with applicable rules and ensure progress towards achieving ISO/IEC 17025 accreditation including all proposed analytical tests within its scope of accreditation; or

(b) If an initial application or a renewal application for a cannabis testing facility that has been licensed for less than 18 months, an agreement to:

(i) Submit quarterly reports to the department on its progress toward ISO/IEC accreditation; and

(ii) Comply with any department requests for confirmation testing at the cannabis testing facility's expense;

(4) Standard operating procedures for all preanalytical, analytical, and post-analytical processes performed by the laboratory;

(5) Protocols for performing validation studies of all analytical tests to be performed;

(6) Protocols for proficiency testing at an interval determined by the accrediting body and documenting successful completion or corrective action, as defined by the accrediting body;

(7) A program to assess and document, at least annually, the competency of all technical and scientific staff that perform preanalytical, analytical, and postanalytical processes;

(8) Policies and procedures that ensure the protection of its clients' confidential information and proprietary rights, including procedures for protecting the electronic storage and transmission of results;

(9) Policies and procedures for collection and receipt of samples for mandatory or other testing, including:

(a) Step-by-step procedures for collecting samples from each matrix type that are representative of the batch to be tested;

(b) Method for collection, preparation, packaging, labeling, documentation, and transport of samples from each matrix type;

(c) Size of sample to be collected for each analytical test to be performed;

(d) Safeguards against contamination, including protective garb, sanitizing of instruments, and care of sample collection containers;

(e) Labeling of sample containers; and

(f) Transport and storage conditions, including exposure to light, temperature, and humidity;

(10) Chain of custody protocols and a sample chain of custody form; ~~and~~

(11) Training procedures and records of training for all cannabis testing facility designees to be maintained on the premises; and

~~(11)~~(12) Equipment to be used and its listing by a nationally recognized testing laboratory.

- 44:90:04:10 Alarm system.
- 44:90:04:11 Agent identification badges to be provided by establishments.
- 44:90:04:12 Agent identification badges to be displayed.
- 44:90:04:13 Controlled access -- Verification of identity.
- 44:90:04:14 Visitor badges to be worn by contractors performing work at a medical cannabis establishment.
- 44:90:04:15 Operation of agricultural, industrial, or other heavy equipment – Training requirements.
- 44:90:04:16 Record-keeping -- Use of inventory tracking system -- Training requirements.
- 44:90:04:17 Security protocols -- Training requirements.
- 44:90:04:18 Vehicle requirements -- Establishments.
- 44:90:04:19 Transport manifests -- Form and content.

- 44:90:04:20 Separate transport manifest required.
- 44:90:04:21 Storage during transport.
- 44:90:04:22 Conduct during transport.
- 44:90:04:23 Transport incident notification.
- 44:90:04:24 Health and safety standards for storage.

44:90:04:13. Controlled access -- Verification of identity. No medical cannabis establishment may share premises with or permit access directly from any residence or business unless permitted by § 44:90:04:04. This section shall not be interpreted to prohibit access from a shared parking lot, walkway, concourse, or other area generally open to the public as part of a shopping center or business park.

A medical cannabis establishment shall verify the age and identity of anyone entering the premises by requiring the person to present a valid photographic identification document issued by this state, another state, tribe, or the federal government. Unless permitted by SDCL 34-20G-65 or § 44:90:08:01, no person may enter the premises other than agents of the establishment, contractors 18 years of age or older hired by the establishment, employees or agents of the department, law enforcement officers, or employees or agents of other local or state agencies with regulatory authority, including fire marshals, electrical inspectors, pesticide control staff, and environmental inspectors, for the purpose of exercising such regulatory authority.

44:90:04:19. Transport manifests -- Form and content. A transport manifest is required for all authorized transfers of any amount of cannabis or cannabis products, except retail sales at a dispensary. The transport manifest must contain:

(1) The name, address, phone number, and license number of the establishment transporting the cannabis or cannabis products;

(2) The name, address, phone number, and license number of the establishment receiving the items;

(3) The phone number and web address of the department's secure verification system;

(4) Description and quantities, either by weight or unit, of all items, including samples, contained in each transport;

(5) Date of transport and approximate time of departure and arrival;

(6) Vehicle make, model and license plate number;

(7) The name and signature of driver and any other agent accompanying the transport; and

(8) The name and signature of the person accepting the transport, upon delivery.

44:90:04:20. Separate transport manifest required. A separate transport manifest shall be prepared for each medical cannabis establishment that will receive cannabis or cannabis products. The vehicle must carry three copies of each transport manifest:

(1) One for the recipient;

(2) One to be returned to the originating establishment for the purposes of record keeping;

and

(3) One to be provided at the request of law enforcement or an agent of the department, if the vehicle is involved in a traffic stop or collision.

Any cannabis or cannabis products, including samples, that are refused by the intended recipient must be noted on the transport manifest and noted in the originating establishment's inventory records after the items are returned.

A transport manifest may not be altered from the originating establishment except as provided for in this section.

The transport manifest does not take the place of a chain-of-custody form that may be required of the establishment.

Law Implemented: SDCL 34-20G-72(5).

44:90:04:21. Storage during transport. All cannabis or cannabis products being transported must be contained within an enclosed, locked area in the transport vehicle and out of public view. Samples of cannabis and cannabis products for testing must be transported in appropriately labeled sample collection containers with tamper-evident seals affixed that provide clear, lasting evidence that the package has previously been opened. All cannabis or cannabis products being transported to another establishment, other than samples for testing, must be transported within sealed containers identifying the recipient.

A cannabis product manufacturing facility or dispensary transporting any edible product requiring refrigeration to another establishment shall provide refrigerated transport. An establishment shall use temperature-controlled transport vehicles when necessary to prevent spoilage of the transported cannabis or cannabis products.

Law Implemented: SDCL 34-20G-64, 34-20G-72(5).

44:90:04:22. Conduct during transport. Only agents of the establishment who are listed on each transport manifest may be in the vehicle. Each agent shall wear an agent identification badge while in the vehicle. Any vehicle transporting cannabis or cannabis products shall travel directly to the destinations listed on transport manifest, making stops only:

- (1) For meals, when the transport lasts more than three hours round trip;
- (2) For rest periods required by law;
- (3) To refuel; or
- (4) Under exigent circumstances, including collisions, traffic stops, mechanical breakdowns, weather emergencies, or medical emergencies.

An agent may not remove the cannabis or cannabis products from the vehicle until arrival at the destination listed on the transport manifest, except under exigent circumstances in consultation with the department pursuant to §44:90:04:23.

An establishment agent shall make a vehicle used for the transport of cannabis or cannabis products immediately available for inspection upon request of the department.

Upon law enforcement contact, agents shall provide their agent identification badges and all transport manifests.

44:90:04:23. Transport incident notification. Any traffic stop, breakdown, collision, or unscheduled stop lasting more than two hours involving a vehicle being used by an establishment to transport cannabis or cannabis products, must be reported to the department within one business day. Any theft or break-in involving a vehicle being used by an establishment to transport cannabis or cannabis products must be reported to local law enforcement and to the department within one business day.

If exigent circumstances require removal of cannabis from the vehicle prior to arrival at the destination listed on the transport manifest, the establishment agents shall make a good faith effort to contact the department for direction. If unable to contact the department, the establishment agents shall make a good faith effort to protect the shipment from diversion.

44:90:04:24. Health and safety standards for storage. A medical cannabis establishment shall store cannabis and cannabis products, unless on display for sale:

(1) In secure, sealed containers that protect against damage from light, water, insects, or rodents; and

(2) Under environmental conditions, including refrigeration of any perishable edible product, that will protect against physical, chemical, or microbial contamination and damage from temperature or humidity.

44:90:09:01. Mandatory testing prior to transfer for retail sale. A cultivation facility or product manufacturing facility must ~~submit cannabis and cannabis products for the following tests prior to transfer to another establishment~~ test every batch of cannabis or cannabis product intended for consumption by a patient or non-resident card holder prior to transfer for retail sale.

The following tests are required for cannabis and cannabis products prior to transfer for retail sale:

- (1) Beginning July 1, 2022:
 - (a) Potency testing for THC content and, if so labeled, CBD content; and
 - (b) Microbials listed in §44:90:05:10(3);
- (2) Beginning July 1, 2023:
 - (a) Mycotoxins listed in §44:90:05:10(2);
 - (b) Metals listed in §44:90:05:10(4) and 44:90:07:03;

44:90:09:03. Prohibited transfer of cannabis or cannabis product -- Exceptions. Except as allowed by § 44:90:09:11, no cannabis or cannabis products may be transferred by a cannabis cultivation facility or cannabis product manufacturing facility to a ~~cannabis product manufacturing facility~~ or cannabis dispensary unless:

(1) A cannabis testing facility has performed all mandatory tests on the cannabis or cannabis products and determined it complies with this article; and

(2) The cannabis or cannabis products are accompanied by a certificate of analysis issued by the cannabis testing facility that covers all mandatory tests.

Except samples for testing, any cannabis or cannabis products transferred from a cannabis cultivation facility or a cannabis product manufacturing facility without a certificate of analysis is nonusable and may not be remediated.

44:90:09:06. Creation of batches. A cannabis cultivation facility or cannabis product manufacturing facility shall:

(1) ~~Divide cannabis or cannabis products into batches as directed by a registered cannabis testing facility~~ into batches not to exceed 50 pounds, and as directed by a registered cannabis testing facility;

(2) Divide cannabis products into homogenous batches as directed by a registered cannabis testing facility and in accordance with the following size limitations:

(a) Cannabis product batches containing concentrated cannabis may not exceed 50 pounds (22.7kg);

(b) Cannabis product batches containing extract or products that are infused with cannabis or cannabis extract may not exceed 70,000 unpackaged retail servings;

~~(2)~~(3) Assign a unique batch identifier to the cannabis or cannabis products; and

~~(3)~~(4) When cannabis is harvested or trimmed:

(a) Cannabis flower shall be assigned to a batch containing a single strain from a single harvest date; and

(b) Cannabis trim may be assigned to a batch containing multiple strains and from multiple trimming dates.

A batch may be divided into multiple containers. Should a cannabis or cannabis product yield be in excess of the batch size limitations, the yield must be divided into separate batches in accordance with this section in order to be sampled. With the exception of trim, all cannabis and cannabis products in each batch must be uniform throughout.

Law Implemented: SDCL 34-20G-72(5).

44:90:09:07. Collection of samples. ~~A cannabis cultivation facility or cannabis product manufacturing facility shall submit~~ testing facility or a designee of a cannabis testing facility shall collect representative samples for laboratory testing ~~at minimum one sample~~ from each batch of

cannabis or cannabis products created pursuant to § 44:90:09:06 ~~or as directed by the cannabis testing facility based on batch size.~~

~~Before January 1, 2024, samples for testing shall be collected by an agent of either the testing facility or the establishment submitting the sample, if:~~

~~(1) No agent collects samples prior to receiving full training on the cannabis testing facility's sample collection procedures;~~

~~(2) The collection of samples takes place in full view of security cameras; and~~

~~(3) The collection of samples by agents of the establishment submitting the samples is done with the permission of the cannabis testing facility. The cannabis testing facility may revoke the permission at any time without stating a reason.~~

~~[— On or after January 1, 2024, samples for testing must be collected by an agent of the testing facility.~~

A designee of a cannabis testing facility may only collect samples on behalf of a cannabis testing facility upon completing the following requirements:

(1) Obtain a valid agent identification card issued by the testing facility;

(2) Confirm physical ability to perform sample collection procedures and activities;

(3) Complete no less than 10 hours of initial training on sample collection procedures provided by the cannabis testing facility and in accordance with this Chapter; and

(4) Demonstrate competency in sample collection in compliance with the cannabis testing facility's sample collection procedures and this Chapter.

A designee of a cannabis testing facility is required to attend no less than 10 hours of continuous training throughout each year in addition to the initial training requirements.

Prior to performing sample collection for mandatory tests, the designee of a cannabis testing facility shall contact the testing facility to obtain instructions for each sampling event, including the instruments to be used, the containers required to store samples, storage and transportation requirements, receipt and recordkeeping of the samples.

The collection of samples must comply in all manner with §§ 44:90:09:07 and 44:90:09:09, the testing facility's standard operating procedures and sample collection procedures, and requirements for ISO/IEC 17025 accreditation.

44:90:09:07.01. Requirements for samples of cannabis and cannabis products. With the exception of pre-rolls, all cannabis and cannabis products must be in final form ready to be packaged upon receipt of passing results for all required tests in order to be sampled. A cannabis cultivator or cannabis product manufacturer may not alter the cannabis or cannabis product batch after sampling has occurred.

The cannabis testing facility or a designee of a cannabis testing facility must sample the amount of cannabis and cannabis products and increments in accordance with the tables below in addition to sample collection procedures:

A serving unit is a single quantity of all pre-packaged total servings for one product package of cannabis infused product intended for sale.

The cannabis product manufacturing facility must determine the size of a “serving” for each cannabis infused product in accordance with Chapter 44:90:07 of this article, and how many servings there are in the cannabis product batch. In the event that the minimum required number of sample increments does not align with the anticipated final form of the product, the cannabis testing facility or designee of a cannabis testing facility must increase sample increments to ensure products are sampled in final form.

Should a cannabis testing facility or a designee of a cannabis testing facility require samples exceeding the minimum sample amount for cannabis product batches containing cannabis infused cannabis, they must use sample increments of 1 serving.

44:90:09:07.02 Procedures to ensure representative sampling. A cannabis testing facility or a designee of the cannabis testing facility must sample in accordance with cannabis testing facility sample collection procedures and the following procedures to ensure representative sampling:

(1) Check the cannabis or cannabis product batch in its entirety for any signs or indications of non-uniformity and differences from content appearing on the batch label;

(2) Homogenize the cannabis and cannabis product batch

(3) Confirm the cannabis or cannabis product batch size matches the information in the inventory tracking system

(4) Randomly select sample increments throughout each cannabis or cannabis product batch following sample collection procedures representing no less than the total minimum sample requirements in accordance with § 44:90:09:07

(5) Take equal portions for each sample increment

(6) Record all observations and procedures used for the collection of each sample increment and maintain records pursuant to § 44:90:11:02.

44:90:09:09. Storage while awaiting test results. A cultivation facility or cannabis product manufacturing facility awaiting testing results shall:

(1) Enter the identification number of the batch and the identification number of the samples associated with the batch into the establishment's inventory records;

(2) Store the batch in one or more sealed containers enclosed on all sides; and

(3) Affix to the container a label including the following information:

(a) The establishment's identification number;

(b) The batch number entered into inventory records;

(c) Name and identification number of the testing facility that will perform the tests;

(d) The sample's unique identification number;

(e) The date the samples were taken; and

44:90:09:10. Receipt of results -- Remediation. Upon receipt of a certificate of analysis indicating that cannabis or cannabis products comply with SDCL chapter 34-20G and this article and after the cannabis testing facility updates the inventory tracking system, the cannabis cultivation facility or cannabis product manufacturing facility may transfer the cannabis or cannabis products to another establishment, subject to the inventory tracking requirements of this article.

Upon receipt of a certificate of analysis indicating that cannabis or cannabis products are nonusable, the cannabis or cannabis products shall remain, until remediated or destroyed in accordance with this article, in the same storage container with a new label depicting:

- (1) The establishment's identification number;
- (2) The batch number entered into inventory records;
- (3) Name and identification number of the testing facility that will perform the tests;
- (4) The sample's unique identification number;
- (5) The date the samples were taken;

44:90:09:11. Remediation of nonusable batches. A cannabis cultivation facility or cannabis product manufacturing facility may elect to remediate a batch of cannabis or cannabis products that failed testing, provided that:

(1) Cannabis and cannabis products that fail tests for metals or pesticides may not be remediated;

(2) Cannabis and cannabis products that fail tests for prohibited solvents may not be remediated;

(3) An establishment shall outline its processes for remediating cannabis and cannabis products in its operating procedures;

(4) An establishment shall obtain department permission before remediating a batch of cannabis or cannabis products; and

(5) Any cannabis or cannabis products must be retested and must pass all required tests after remediation.

44:90:09:12. Destruction of nonusable batches. If a cultivation facility or product manufacturing facility is unable or unwilling to remediate a nonusable batch of cannabis or cannabis products, the establishment shall:

(1) Note in the inventory tracking system, or if unavailable, provide notice within one business day in writing to the department, that the establishment will destroy the cannabis or cannabis products;

(2) Follow the procedures for destroying cannabis waste in the establishment's approved operating procedures; and

(3) Ensure that destruction of the nonusable batch is captured by functioning security cameras and stored according to this article.

If a cultivation facility or product manufacturing facility fails to follow the procedures under this section, the department shall:

(1) Submit a notice to all medical cannabis dispensaries that the inventory tracking system batch number associated with the unusable batch has not passed the required tests pursuant 44:90:09:01.

(2) Provide procedures for recall pursuant to § 44:90:12:02 if the unusable cannabis or cannabis product has been made available for retail sale.

44:90:11:01. Inventory tracking system ~~--- Required use~~ -- Requirements and procedures. Establishments shall use an electronic inventory tracking system prescribed by the department to create all required inventory records, transfer records, testing sample records, and transaction records.

Establishments are required to follow all inventory tracking system procedures including, but not limited to:

(1) Reconciling all on-premises and in-transit cannabis and cannabis product inventories each day in the inventory tracking system by midnight

(2) Utilizing a standard of weights and measures that is supported by the inventory tracking system

(3) Maintaining the security of the inventory tracking system

(4) Monitoring all inventory tracking system notifications

(5) Responding to all inventory tracking system notifications with appropriate responses

(6) Resolving all inventory tracking system notifications that identify areas of noncompliance

(7) Properly indicating the creation of a cannabis or cannabis product batch

(8) Inputting the correct assigned batch number

(9) Accurately identifying the cultivation rooms where each plant is located

(10) Accurately identifying when inventory has departed the premises or is part of an authorized transfer with an accompanying transportation manifest.

(11) Properly indicating all test results from a cannabis testing facility

(12) Inputting the correct category for all cannabis and cannabis products

(13) Providing a written explanation for any cannabis or cannabis products destruction

(14) Providing a written explanation for any adjustment of weights to inventory tracking system

All establishments and their inventory tracking system users and administrators shall enter data into the inventory tracking system that fully accounts for all inventory tracking activities. Any omissions or misinformation in the inventory tracking system is considered a violation of this article and SDCL chapter 34-20G.

The absence of a live, electronic inventory tracking system prescribed by the Department shall not be misconstrued to excuse licensees of the requirements of Sections 44:90:11:02, 44:90:11:03, 44:90:11:04, 44:90:11:05, 44:90:11:06, 44:90:11:07, 44:90:11:08, 44:90:11:09, 44:90:11:10, 44:90:11:11, 44:90:11:12, 44:90:11:13 of this Chapter.

Upon Department notification to all licensees of a live, electronic inventory tracking system prescribed by the Department, licensees shall become compliant within the electronic inventory tracking system requirements and this Section within 15 days.
