

CHAPTER 20:25:03

OPERATOR PARTICIPATION AND MEMBERSHIP CLASSIFICATIONS AND FEES

Section

20:25:03:05.01 Valid period for underground facility markings.

20:25:03:05.01. Valid period for underground facility markings. Markings of underground facilities shall be considered valid so long as the markings are clearly visible but not for more than 21 calendar days from the start date on the ticket. On extensive and continuous excavation activity, written working agreements between the operator and the excavator may be established to extend the valid period of the original ticket.

A current ticket may not be updated more than twice after the original ticket was requested, or after 63 days have elapsed from the date of the original ticket was requested, whichever is longer.

CHAPTER 20:25:03

OPERATOR PARTICIPATION AND MEMBERSHIP CLASSIFICATIONS AND FEES

Section

20:25:03:04 Information required when initiating a routine locate request.

20:25:03:04.01 Information required when initiating a planned excavation locate request.

20:25:03:04.02. Information required when initiating an informational locate request.

20:25:03:04.03 Locate requests in emergency situations.

20:25:03:04. Information required when initiating a routine locate request. The following information is required to be provided by the excavator when a routine locate request is submitted:

- (1) The name, address, and telephone number of the person making the routine locate request;
- (2) The name, address, and telephone number of the excavator doing the work;
- (3) The date and time when excavation is scheduled to begin;
- (4) The depth of planned excavation within 18 inches vertical;
- (5) The type and extent of excavation being planned including:
 - (a) Whether the excavation involves tunneling or horizontal boring; and
 - (b) If applicable, whether the use of explosives is anticipated;
- (6) A phone number that provides access to the excavator during normal business hours;
- (7) The location of the excavation by any one or more of the following means:
 - (a) Latitude/longitude;
 - (b) A specific street or rural address, which has a numbered address on a marked street or avenue that is publicly recorded; or
 - (c) The distance and direction from an intersecting street within 1000 feet of the excavation site;
 - (d) A specific quarter section by section, range, township, and county; or

(e) A specific mile marker reference from any state or federal highway; and

(8) A precise description of the specific excavation area within each location by:

(a) Providing the perimeter of the excavation site or the length and direction of the excavation route in reference to the exact distance and direction from known points of reference on or near the excavation site;~~or~~ and

(b) Marking the perimeter of the excavation area or the length and direction of the proposed excavation route by means of white paint or flags; or

(c) Requesting to meet the facility operators when it is impractical to utilize item A ~~or~~ and b above and to inform the facility operators, in writing, of the extent and work schedule of the proposed excavation.

20:25:03:04.01. Information required when initiating a planned excavation locate request. The following information is required to be provided by the planner when a planned excavation locate request is submitted:

(1) The name, address, and telephone number of the person making the planned excavation locate request;

(2) The name, address, and telephone number of the business doing the work;

(3) The approximate date when planned excavation is scheduled to begin;

(4) The type and extent of the planned excavation;

(5) A phone number that provides access to the planner during normal business hours;

(6) The location of the planned excavation by any one or more of the following means:

(a) Latitude/longitude;

(b) A specific street or rural address, which has a numbered address on a marked street or avenue that is publicly recorded; or

(c) The distance and direction from an intersecting street within 1000 feet of the excavation site;

(d) A specific quarter section by section, range, township, and county; or

(e) A specific mile marker reference from any state or federal highway; and

(7) A precise description of the planned excavation area within each location by:

(a) Providing the perimeter of the planned excavation site or the length and direction of the planned excavation route in reference to the exact distance and direction from known points of reference on or near the planned excavation site; ~~or~~ and

(b) Marking the perimeter of the planned excavation area or the length and direction of the planned excavation route by means of pink paint or flags; or

(c) Requesting to meet the facility operators, when it is impractical to utilize item a ~~or~~ and b above or the planned excavation involves a major project, and to inform the facility operators, in writing, of the extent of the planned excavation.

20:25:03:04.02. Information required when initiating an informational locate request.

The following information is required to be provided by the person initiating the request when an informational locate request is submitted:

- (1) The name, address, and telephone number of the person making the notification request;
- (2) The name, address, and telephone number of the business requesting the facility location information;
- (3) The approximate date when the facility information is required;

- (4) The type and extent of the informational request;
- (5) A phone number that provides access to a person, knowledgeable about this request, during business hours;
- (6) The location of the required facility information by any one or more of the following means:
 - (a) Latitude/longitude;
 - (b) A specific street or rural address, which has a numbered address on a marked street or avenue that is publicly recorded; or
 - (c) The distance and direction from an intersecting street within 1000 feet of the excavation site;
 - (d) A specific quarter section by section, range, township, and county; or
 - (e) A specific mile marker reference from any state or federal highway; and
- (7) A precise description of the specific area for which facility information is required by:
 - (a) Providing the perimeter or the length and direction of the route for which underground facility information is required in reference to the exact distance and direction from known points of reference on or near the area for which underground facility information is required; ~~or~~ and
 - (b) Marking the perimeter of the specific area for which facility information is required or the length and route of the underground facility information required by means of pink paint or flags; or
 - (c) Requesting to meet the facility operators, when it is impractical to utilize item a ~~or~~ and b above or the informational request involves a major project, and to inform the facility operators, in writing, of the extent of the underground facility information requested.

CHAPTER 20:25:01

DEFINITIONS

Section

20:25:01:01 Definitions.

20:25:01:01. Definitions. Terms defined in SDCL 49-7A-1 have the same meaning when used in this article. Terms used in this article mean:

- (1) "Excavation site," the specific location where an excavation will occur;
- (2) "High profile underground facility," a high profile underground facility is any:
 - (a) High pressure natural gas pipeline with a maximum allowable operating pressure greater than 300 psi;
 - (b) Natural gas transmission facility in a high consequence area;
 - (c) Petroleum pipeline;
 - (d) Hazardous material pipeline;
 - (e) High-voltage electric supply line, conductor, or cable that has a potential to ground of greater than or equal to 60 kilovolts; or
 - (f) Underground facility that, if damaged, has the potential for significant public safety, economic, or environmental impact;
- (3) "High consequence area," as defined in 49 CFR § 192.903 as of October 1, 2009;
- (4) "Informational locate request," a communication between a person and the one-call center in which a request for locating underground facilities for planning, permit, surveying, mapping, or design work where the purpose of the request is not related to planned excavation activity within the next eighteen months;
- (5) "Normal business hours," 8:00 a.m. to 5:00 p.m., Monday through Friday, excluding holidays as defined by SDCL 1-5-1;

(6) "Notification time," the time at the end of the telephone locate request when the answering attendant provides the excavator with a confirmation number or the time a nontelephone locate request is received by the one-call center;

(7) "Planned excavation locate request," a communication between a person and the one-call center in which a request for locating underground facilities for planning, permit, or design work relative to specific excavation activity planned to start within the next eighteen months;

(8) "Planner," any person who prepares a drawing for a planned construction or other project which will require excavation at a future date;

(9) "Positive Response," an operator's electronic response providing status updates on locates requested by excavators;

(9 ~~10~~) "Respond," the facility operator shall mark or physically identify by other means the location of underground facilities if the facility operator operates any underground facilities in the area of the proposed excavation;

(~~10~~ ~~11~~) "Routine locate request," a communication between an excavator and the one-call center in which a request for locating underground facilities for excavation activity;

(~~11~~ ~~12~~) "Ticket," a document issued by the one-call notification center to operators and excavators for the purpose of locating an underground facility.

CHAPTER 20:25:03

OPERATOR PARTICIPATION AND MEMBERSHIP CLASSIFICATIONS AND FEES

Section

20:25:03:01 Operator participation.

20:25:03:07 Requirements for operation of a one-call notification center.

20:25:03:01. Operator participation. Each operator required by SDCL 49-7A-2 to join the one-call system:

(1) Shall provide to the notification center data that allows proper notification to the operator of excavation near the operator's utility lines and updates to such data. This data shall be provided to the notification center as soon as possible, but no later than 30 days after membership or operation of underground facilities, whichever is first. This information shall be provided on printed forms or in an internet-based format, approved by the South Dakota One Call Notification board. Each facility operator shall identify and list its high profile underground facilities in such a way it can provide the center with a separate database;

(2) Shall respond to notification of excavation, including emergency notices, as required by SDCL chapter 49-7A and article 20:25;

(3) Shall establish a means of receiving notification of excavation and shall utilize this method to receive such notification from the one-call notification center;

(4) Who receives more than an average of 30 tickets per month in any three consecutive months, shall receive tickets by electronic transmission other than by voice telephone. Electronic transmission includes e-mail, facsimile, data printer, or computer transmission; and

(5) Shall install an underground utility line in such a manner after January 1, 2009, that makes the line locatable by the operator for purposes of this chapter.

(6) Shall provide positive response data to the notification center prior to the excavation ticket work date and time, as listed on the ticket.

Law Implemented: SDCL 49-7A-2, 49-7A-5, 49-7A-7, 49-7A-8, 49-7A-15.

20:25:03:07. Requirements for operation of a one-call notification center. The one-call notification center shall provide the following services:

(1) Accept a location request from the excavator twenty-four hours a day, seven days a week;

(2) Accept a locate request by telephone call, remote entry by computer transmission, or an internet-based format approved by the South Dakota One Call board;

(3) At close of each location request processed by a customer service representative at the center, prior to the issuance of a confirmation number, verify with the excavator that information provided by the excavator meets the requirements of § 20:25:03:04, 20:25:03:04.01, or 20:25:03:04.02. Following verification of the information, provide the excavator with the verification number associated with this request, a list of underground facility operators who will be notified of this request, and a list of any high profile underground facility operators within the excavation area;

(4) If a locate request, submitted in compliance with § 20:25:03:04, 20:25:03:04.01, or 20:25:03:04.02, is received by remote computer entry or internet transmission, the excavator shall receive a ticket, within four hours, as the confirmation notice;

(5) Record each conversation which pertains to a location request;

(6) Maintain a copy of each conversation and ticket for a period of seven years;

(7) Upon request, provide copies of the tickets and recorded conversations to operators or excavators, at the cost of providing such copies; and

(8) Accept facility operator database information that allows proper notification to the operator of excavation near the operator's utility lines and updates to such data on a web based system as required by the South Dakota One Call Notification board.

(9) Operate a positive response program which accepts updates from operators and excavators on locate requests, twenty-four hours a day, seven days a week, by telephone call, remote entry by computer transmission, or an internet-based format approved by the South Dakota One Call board.
